Offers a lucid and objective look at Freud's major theories, evaluating whether they have stood the test of time, and in... Provides an excellent introduction to Freud's work, which will appeal to all those broadly curious about psychoanalysis,...

Freud: A Very Short Introduction - Anthony Storr - Google ...

Abstract. Freud: A Very Short

Introduction discusses the life and work of Sigmund Freud. The founder of

psychoanalysis, Freud developed a totally new way of looking at human nature. Only now, with the hindsight of the half-century since his death, can we

assess his true legacy to current thought.

Freud: A Very Short Introduction (Very Short Introductions ...

An enjoyable read as an introduction to Freud. The author is sometimes critical of Freud's hypothesis without providing sufficient counter evidence but this is inevitable in a short introduction. Suggestions for further reading are helpful. Easy to read as an ebook.

Freud: A Very Short Introduction - Paperback - Anthony ...

Sigmund Freud (1856-1939) revolutionized the way in which we think about ourselves. From its beginnings as a theory of neurosis, Freud developed psycho-analysis into a general psychology which became widely accepted as the predominant mode of

discussing personality and interpersonal relationships.

Freud: A Very Short

Introduction - Anthony Storr - Google ...

I found this book to be a superb introduction not just to Freud but to the core concepts of psychoanalysis as a whole.

Don't be fooled (or put off) by the title saying it is a "short"

introduction, there is nothing short or shallow about this

book. Thanks to the fairly small print it actually contains a huge amount of information.

Amazon.com: Freud: A Very Short Introduction ...

An excellent introduction to Freud's work, this book will appeal to all those broadly curious about psychoanalysis, psychology, and sociology.

About the Series: Combining authority with wit,

accessibility, and style, Very Short Introductions offer an

Freud: A Very Short Introduction by Anthony Storr
Description. Sigmund Freud, the founder of psychoanalysis, developed a totally new way of looking at human nature.

Only now, with the hindsight of the half-century since his death, can we assess his true legacy to current thought. As an experienced psychiatrist himself, Anthony Storr offers a lucid and objective look at Freud's major theories, evaluating whether they have stood the test of time, and in the process examines Freud himself in light of his own ideas.
