Friendfluence: The Surprising Ways Friends Make Us Who We ...

Just as the role of friends is expanding in our culture, Friendfluence explores their powerful and often under-appreciated influence on our personalities, habits, physical health, and even our chances of success in life. In this fascinating book, packed with the latest research findings, Carlin Flora traces friendship from its evolutionary roots to its starring role in childhood and adolescence to its subtle (and sometimes not-so-subtle) impact on adults--both positive and negative,

Friendfluence: The Surprising Ways Friends Make Us Who We ...

Friendfluence is exactly what the name says: a book about how friends influence each other. The book looks at a wide array of friendships: children who become friends because their parents know each other, friendships formed because of common illnesses, friendships that are fleeting, friendships with like-minded people, friendships with people ...

**The Surprising Ways  
Friends Make Us Who  
We Are**

In Friendfluence:  
The Surprising Ways  
Friends Make Us Who  
We Are, Carlin  
Flora explores "the  
powerful and often  
unappreciated role  
that friends—past  
and present—play in  
determining our  
sense of self and  
the direction of  
our lives." What is  
Friendship?  
Friendships are the  
least

institutionalized  
and most voluntary  
social relationship  
we have.
