"The inevitable comparisons to Graeme Simsion's The Rosie Project (2013) and Julia Claiborne Johnson's Be Frank with Me (2016) are natural, but Ellie's authentic voice offers a fresh perspective on being different."—Booklist Elvira Carr believes in rules. She also strongly believes in crisp schedules, clear guidelines, and taking people at face value. Not that the twenty-seven-year-old sees many people. After several unfortunate incidents, her overbearing mother keeps her at home. But when her mother has a stroke, Elvira is suddenly on her own. To help her navigate a world that is often puzzling, she draws up seven ironclad rules. Armed with these, a notebook full of questions, and guidance from a helpful neighbor, she takes charge of herself ? and realizes that something isn't quite right about the life she thought she knew. She'll need all the courage, perseverance and curious charm she can muster to unravel the mystery of what happened to her family and to manager her own life, her way.

The Heart of the Fight Springer Science & Business Media

From the author of Shields of Strength, “ a gift that could radically change every interaction and relationship you have ” (Reg Lloyd, Pastor, Praise Church, Beaumont TX). What is the opposite of love? Many would say hate, but studying the Bible reveals that it is actually fear. Fear leads us to make harmful decisions and live unproductive, unhappy, and unfruitful lives. Love is the key to a fruitful life, but love must be more than a feeling. Love must be an action, a choice. Choosing love over fear is the most powerful choice we can make. Kenny Vaughan brings this timeless discussion back to the forefront of our spiritual exploration by teaching us to view life as a fruit-bearing tree. When we feed the roots with love, the tree flourishes, and we enjoy the blessings that grow upon it. If we deprive our roots, however—if we allow fear to cut us off from love—then the whole tree withers and dies. Utilizing both Scripture and anecdotes from modern life, The Right Fight teaches us how to tend our roots, grow our fruit, and, through the grace of God, cast fear out for good. “ The Right Fight will hold your attention and challenge your perspective and application of love.” —Reg Lloyd, Pastor, Praise Church, Beaumont TX

Paul and Isaiah's Servants Hyperion

After the outbreak of the zombie apocalypse, an elderly Swiss tourist finds himself stranded in America. Unable to go home, he and other survivors set up a small agricultural settlement in Alabama and defend it against marauders. After more than one year he manages to return to Europe, thanks to the French Navy. A few European countries, although severely affected by the zombie pandemic, had managed to hang on. He returns to America as advisor to a French scientific expedition. Their road trip takes them to the Gulf coast, West Texas, Kansas and the Appalachians. They return with important information about the zombies and about the few survivors in America. An alarming incident with a zombie brought back from America leads to one more trip across the ocean, this time as advisor to a battalion-sized French army unit. In the end the scientists succeed in finding the origin of the zombie pandemic.

Journey of the Heart Zondervan

This book constitutes the refereed proceedings of the 5th International Symposium on Rules, RuleML 2011 - Europe, held in Barcelona, Spain, in July 2011 - collocated with the 22nd International Joint Conference on Artificial Intelligence, IJCAI 2011. It is the first of two RuleML events that take place in 2011. The second RuleML Symposium - RuleML 2011 - America - will be held in Fort Lauderdale, FL, USA, in November 2011. The 18 revised full papers, 8 revised short papers and 3 invited track papers presented together with the abstracts of 2 keynote talks were carefully reviewed and selected from 58 submissions. The papers are organized in the following topical sections: rule-based distributed/multi-agent systems; rules, agents and norms; rule-based event processing and reaction rules; fuzzy rules and uncertainty; rules and the semantic Web; rule learning and extraction; rules and reasoning; and rule-based applications.

Argues that expectations for mothering include a new core principle of "body work." Winner of the 2016 Outstanding Book Award presented by the Organization for the Study of Communication, Language, and Gender (OSCLG) The requirements of “good” motherhood used to primarily involve the care of children, but now contemporary mothers are also pressured to become bikini-ready immediately postpartum. Lynn O’Brien Hallstein analyzes celebrity mom profiles to determine the various ways that they encourage all mothers to engage in body work as the energizing solution to solve any work-life balance struggles they might experience. Bikini-Ready Moms also considers the ways that maternal body work erases any evidence of mothers’ contributions both at home and in professional contexts. O'Brien Hallstein theorizes possible ways to fuel a necessary mothers’ revolution, while also pointing to initial strategies of resistance. Lynn O’Brien Hallstein is Associate Professor of Rhetoric at Boston University and the author of White Feminists and Contemporary Maternity: Purging Matrophobia.

Road Signs on the High Road of Life John Wiley & Sons

Argues against popular beliefs about "outside the box" thinking as a method for success, and identifies eight life principles that should be adhered to in order to achieve true and meaningful success.

Medical Product Regulatory Affairs Hands-on guide through the jungle of medical regulatory affairs for every professional involved in bringing new products to market Based on a module prepared by the authors for an MSc course offered by the University of Limerick, Ireland, Medical Product Regulatory Affairs is a comprehensive and practical guide on how pharmaceutical and medical devices are regulated within the major global markets. The Second Edition builds on the success of the first with an even wider scope and full coverage of new EU regulations on the safe use of medical devices. Following a look at drug development, complete sections are devoted to national and EU regulatory issues, manufacturing license application and retention, and regulation in the USA. Other topics dealt with include CDER, CBER and marketing and manufacturing licenses, the ICH process and Good Laboratory/Clinical/ Manufacturing Practices. Medical Product Regulatory Affairs includes information on: Aims and structure of regulation, covering purpose and principles of regulation, national and EU legislative processes, and pharmacopeia Regulatory strategy, covering product development and manufacturing, market vigilance, quality assurance systems, personnel, and documentation Drug discovery and development, covering prescription status, physical properties, therapeutic use, and drug discovery, development, and delivery Non-clinical studies, covering non-clinical study objectives and timing, pharmacological and pharmacodynamic studies, and bioavailability and bioequivalence Clinical trials, covering trial protocol, monitoring of trials, trial master files, and FDA communications The wide coverage of different product types and the main global markets makes Medical Product Regulatory Affairs ideal for training courses on regulatory affairs in academia and industry. It is also a valuable reference for pharmacologists, bioengineers, pharma engineers, and students in pharmacy to familiarize themselves with the topic.

Ditch Pressure for Freedom in Christ Any mom who has tried to create a godly home for her family knows it doesn’t happen automatically. Through books, blogs, and Instagram accounts, culture asserts that good moms must follow certain standards and abide by certain rules if she want what’s best for her children. She must do everything she can—and she must do it all just right. Following the suggested steps and recommended rules may seem best, but what if we’re missing the point? This is something Maggie Combs came to realize while seeking to be a good mom to her three sons. Though the world around us may have critical expectations and rules for mothering, Christ instead calls moms to an intimate, abiding relationship with a triune God. In Motherhood Without All the Rules, Maggie identifies the main “rules” moms today often feel pressured to follow and counters them with gospel truth. You’ll discover how the character of each member of the trinity practically impacts your role as a mom. Join Maggie in forgetting the rules, so that instead of being a good mom, you grow to become a holy mom.

Paul's reading of the Old Testament continues to witness to the significance of reading the Old Testament in a Christian way. This study argues that a theological approach to understanding Paul's appeal to and reading of the Old Testament, especially Isaiah, offers important insights into the ways in which Christians should read the Old Testament and a two-testament canon today. By way of example, this study explores the ways in which Isaiah 40-66's canonical form presents the gospel in miniature with its movement from Israel to Servant to servants. It is subsequently argued that Paul follows this literary movement in his own theological reflection in 2 Corinthians 5:14-6:10. Jesus takes on the unique role and identity of the Servant of Isaiah 40-55, and Paul takes on the role of the servants of the Servant in Isaiah 53-66. From this exegetical exploration conclusions are drawn in the final chapter that seek to apply a term from the history of interpretation to Paul's reading, that is, the plain sense of Scripture. What does an appeal to plain sense broker? And does Paul's reading of the Old Testament look anything like a plain sense reading? Gignilliat concludes that Paul is reading the Old Testament in such a way that the literal sense and its figural potential and capacity are not divorced but are actually organically linked in what can be termed a plain sense reading.

The red-and-white transport vehicle pulls away from the curb at the medical center. With a heavy sigh, I shift my Chevy into drive and fall in behind while contemplating the task of getting to know the ins and outs of yet another health care institution. Each place has its own particular power structure, and it will be in the best interest of the patient if I quickly learn the next prevailing protocol. Who will answer questions, be accountable, and take appropriate action? Who will be kind when no one is looking; who will not? I dread the role of being a watchdog. Only the top of the passenger’s head above the wheelchair can be seen through the van’s back window. My mother is being moved to a nursing home today. I have tried my best to match wits with the pitfalls of dementia. I have failed. Dementia is a thief in the night that robs a patient’s memory bank while bequeathing a siege of unforgettable images in the mind of the caregiver. For the author, a brief phone call was more than an interruption to business as usual; it was an omen of change. Her predictable life was about to become an emotional roller coaster ride marked with heartwrenching twists and turns, breathtaking highs and lows, and unmistakable encounters with grace.

Black Enterprise John Wiley & Sons

We often hear that success requires pushing the boundaries, coloring outside the lines, stepping on toes, and breaking all the rules. But some rules are so critical they aren't meant to be broken. Here, perennially popular Good Morning America host Robin Roberts reveals the 8 rules that she has always honored on her road to success. Illustrated with stories from her work, her family, and her faith, she explains how deceptively simple maxims like "Never lose sight of the Big Picture" and "Give people the benefit of the doubt" are both deeply meaningful and crucial to happiness and genuine accomplishment. Combined with a good dose of Robin's trademark humor, warmth, and honesty, this book will be required reading for anyone in need of an infusion of sincere inspiration. And in light of her announcement in July 2007 that she had breast cancer, Robin's message is bound to touch an even larger audience.

#1 NATIONAL BESTSELLER #1 INTERNATIONAL BESTSELLER What does everyone in the modern world need to know? Renowned psychologist Jordan B. Peterson's answer to this most difficult of questions uniquely combines the hard-won truths of ancient tradition with the stunning revelations of cutting-edge scientific research. Humorous, surprising and informative, Dr. Peterson tells us why skateboarding boys and girls must be left alone, what terrible fate awaits those who criticize too easily, and why you should always pet a cat when you meet one on the street. What does the nervous system of the lowly lobster have to tell us about standing up straight (with our shoulders back) and about success in life? Why did ancient Egyptians worship the capacity to pay careful attention as the highest of gods? What dreadful paths do people tread when they become resentful, arrogant and vengeful? Dr. Peterson journeys broadly, discussing discipline, freedom, adventure and responsibility, distilling the world's wisdom into 12 practical and profound rules for life. 12 Rules for Life shatters the modern commonplaces of science, faith and human nature, while transforming and ennobling the mind and spirit of its readers.

The Exegetical Guide to the Greek New Testament (EGGNT) closes the gap between the Greek text and the available lexical and grammatical tools, providing all the necessary information for greater understanding of the text. The series makes interpreting any given New Testament book easier, especially for those who are hard pressed for time but want to preach or teach with accuracy and authority. Each volume begins with a brief introduction to the particular New Testament book, a basic outline, and a list of recommended commentaries. The body is devoted to paragraph-by-paragraph exegesis of the Greek text and includes homiletical helps and suggestions for further study. A comprehensive exegetical outline of the New Testament book completes each EGGNT volume.
