This is the introductory volume of a multivolume, verse-by-verse, interfaith rereading of the New Testament letter to the Ephesians. It looks to the Tiantai Buddhist master Zhiyi and his "threefold truth" to enhance our appreciation of nascent trinitarian themes in Ephesians. And it draws upon a broad array of scientific, theological, and philosophical thinkers in aid of rejecting the epistle's ancient, geocentric cosmology and its accommodations to the misogynistic, patriarchal, and slaveholding norms of its first-century surroundings. As a whole, the work constitutes a twenty-first century apologetic for doctrinal humility and for theologizing within a global theological commons.

From the co-writing duo of Mindy Michele comes a tale of small-town charm and backroads trouble. Seventeen-year-old Reagan seems like the perfect small-town girl. Dubbed a saint by her older brother, Lincoln, she serves the community, makes straight A's, attends church, spends her summers working with special needs children, and is a piano playing prodigy. When you're the daughter of the mayor and the police chief in a sleepy Kansas town, toeing the line is easier than the alternative. That is, until her brother's best friend changes the rules. Reagan's been subject to Ridley's antics her entire life. Growing up, he tormented and teased her, but he kept his distance-until now. When Ridley breaks a promise, late night phone calls and secret rendezvous in the haystacks quickly transform into a reckless, all-consuming love. Some promises are meant to be broken. Some secrets will not be contained, and sometimes the consequences we render are more than we can bear.

The Beauty in Breaking Simon and Schuster
The groundbreaking series from Grant Morrison that led American comics in a wholly unexpected direction. Originally conceived in the 1960s by the visionary team of writer Arnold Drake and artist Bruno Premiani, the Doom Patrol was reborn a generation later through Grant Morrison's singular imagination. Though they are super-powered beings, and though their foes are bent on world domination, convention ends there. Shunned as freaks and outcasts, and tempered by loss and insanity, this band of misfits faces threats so mystifying in nature and so corrupted in motive that reality itself threatens to fall apart around them-but it's still all in a day's work for the Doom Patrol. Written by Grant Morrison and featuring art by Richard Case, John Nyberg, Doug Braithwaite, Scott Hanna and Carlos Garzon, DOOM PATROL BOOK ONE collects issues #19-34 and includes introductions by Morrison and editor Tom Peyer.

Challenged (Vipers Creed MC#1) Harlequin
A controversial, intelligent, and mordantly funny new novel from France's most famous literary figure Paris, 2022. François is bored. He's a middle-aged lecturer at the Sorbonne and an expert on J. K. Huysmans, the famous nineteenth-century "decadent" author. But François's own decadence is considerably smaller in scale. He sleeps with his students, eats microwave dinners, reads the classics, queues up YouPorn.

Meanwhile, it's election season. And although François feels "about as politicized as a hand towel," things are getting pretty interesting. In an alliance with the socialists, France's new Islamic party sweeps to power. Islamic law comes into force. Women are veiled, polygamy is encouraged, and François is offered an irresistible academic advancement--on condition that he convert to Islam. Adam Gopnik in The New Yorker has said of this novel that "Houellebecq is not merely a satirist but--more unusually--a sincere satirist, genuinely saddened by the absurdities of history and the madneses of mankind." Michel Houellebecq's Submission may be satirical and melancholic, but it is also hilarious; a comic masterpiece by one of France's great novelists.

Having achieved considerable success with his first novel, River Thieves, Michael Crummey has written a book that is equally stunning and compelling. The Wreckage is a truly epic, yet twisted, romance that unfolds over decades and continents. It engages readers on the austere shores of Newfoundland's fishing villages and drags them across to Japanese POW camps during some of the worst events of the Second World War. Haunting, lyrical, and deeply intimate, Crummey's language fully exposes his characters' vulnerabilities as they struggle to come to terms with their guilt and regret over decisions made during their impulsive youths. It is a testament to Crummey's gifts as a novelist that he can flow quite easily through time, across landscapes, and between vastly different characters. He vividly captures the mental and physical anguish experienced in prison camps, and with calm lucidity explores the motives of a Japanese soldier whose actions seem inhumanly cold and calculating. Crummey toys with the readers' sympathies, suggesting there are few distinctions between the enemy and us. He incorporates heartbreaking tragedy--the dropping of the atom

bomb, lynchings in America, murderous revenge--to underscore the darker side of humanity. Crummey shows that we are capable of violence, but in the end he proves we are also capable of redemption, forgiveness, and can be led, unashamed, back to the ones we love.

A NEW YORK TIMES BESTSELLER A New York Times Notable Book "Riveting, heartbreaking, sometimes difficult, always inspiring." --The New York Times Book Review "An incredibly moving memoir about what it means to be a doctor." --Ellen Pompeo As seen/heard on Fresh Air, The Daily Show with Trevor Noah, NBC Nightly News, MSNBC, Weekend Edition, and more
An emergency room physician explores how a life of service to others taught her how to heal herself. Michele Harper is a female, African American emergency room physician in a profession that is overwhelmingly male and white. Brought up in Washington, D.C., in a complicated family, she went to Harvard, where she met her husband. They stayed together through medical school until two months before she was scheduled to join the staff of a hospital in central Philadelphia, when he told her he couldn't move with her. Her marriage at an end, Harper began her new life in a new city, in a new job, as a newly single woman. In the ensuing years, as Harper learned to become an effective ER physician, bringing insight and empathy to every patient encounter, she came to understand that each of us is broken--physically, emotionally, psychically. How we recognize those breaks, how we try to mend them, and where we go from there are all crucial parts of the healing process. The Beauty in Breaking is the poignant true story of Harper's journey toward self-healing. Each of the patients Harper writes about taught her something important about recuperation and recovery. How to let go of fear even when the future is murky: How to tell the truth when it's simpler to overlook it. How to understand that compassion isn't the same as justice. As she shines a light on

the systemic disenfranchisement of the patients she treats as they struggle to maintain their health and dignity, Harper comes to understand the importance of allowing ourselves to make peace with the past as we draw support from the present. In this hopeful, moving, and beautiful book, she passes along the precious, necessary lessons that she has learned as a daughter, a woman, and a physician.

Historians and Historiography in the Italian Renaissance Ryan Michele

The time was the 1980s. The place was Wall Street. The game was called Liar's Poker. Michael Lewis was fresh out of Princeton and the London School of Economics when he landed a job at Salomon Brothers, one of Wall Street's premier investment firms. During the next three years, Lewis rose from callow trainee to bond salesman, raking in millions for the firm and cashing in on a modern-day gold rush. Liar's Poker is the culmination of those heady, frenzied years—a behind-the-scenes look at a unique and turbulent time in American business. From the frat-boy camaraderie of the forty-first-floor trading room to the killer instinct that made ambitious young men gamble everything on a high-stakes game of bluffing and deception, here is Michael Lewis's knowing and hilarious insider's account of an unprecedented era of greed, gluttony, and outrageous fortune.

From The Wreckage Penguin

Envisaging Death: Visual Culture and Dying enters the expanding field of Death Studies and connects some of its key interpretive frameworks - such as issues of internment practice, trauma, or end of life care - to visual culture, and, more than that, to visual culture's socio-political, geographic and aesthetic specificities. Where the prevailing picture of death within this field is as a Western experience framed by its denial on one side and its sensationalism on the other, this

collection confronts the specifics of death's marginalisation: its experience as local rather than universal, and the precise relationship between the context and the cultural mediation of death. Who and where you are - which part of the world you live in, whether you are famous or wealthy, subject to "natural" catastrophe, civil unrest or high-tech healthcare - has enormous influence on how your death is marked, imaged and imagined. As such, this book addresses the socio-cultural factors permeating and styling the visual and inevitably material treatment of death and dying in a broad array of personal and national settings. "Advanced" society has been characterised by an increased distancing of death from the everyday, and its distortion or invisibility within the public sphere. The essays collected here return some shape and context, and geo-politics, to the treatment of death and dying within contemporary culture, and specifically within contemporary visual culture which provides an ever more dominating forum for society's depiction of and dealings with death. Charting important new interdisciplinary terrain, scholars and practitioners from a wide range of fields address an assortment of cultural mediations of real, fictional or fictionalised death. They navigate, in different ways, the fraught, policed, but always relative, distance between the living and the dead which characterises these mediations, a distance which works, inevitably, to reassure and re-secure those supposedly untouched by death and dying. Envisaging Death, whether through discussion of the cemetery landscape, the still or moving image, the therapeutic or educational art practice, addresses how such a distance is reinforced. It also, crucially, explores countless cases of, and increasing possibilities for, the disruption of this distance. With the various crises of current times, be they economic, environmental or regional, such possibilities for this

disruption, and the altered dynamics of human connection that they represent, can only gain in significance.
