The Decline of Radicalism Test

Review

A renowned Harvard professor's brilliant, sweeping, inspiring account of the role of justice in our society--and of the moral dilemmas we face as citizens. What are our obligations to others as people in a free society? Should government tax the rich to help the poor? Is the free market fair? Is it sometimes wrong to tell the truth? Is killing sometimes morally required? Is it possible, or desirable, to legislate morality? Do individual rights and the common good conflict? Michael J. Sandel's "Justice" course is one of the most popular and

influential at Harvard. Up to a thousand students pack the campus theater to hear Sandel relate the big questions of political philosophy to the most vexing issues of the day, and this fall, public television will air a series based on the course. Justice offers readers the same exhilarating journey that captivates Harvard students. This book is a searching, lyrical exploration of the meaning of justice, one that invites readers of all political persuasions to consider familiar controversies in fresh and illuminating ways.

Affirmative action, same-sex marriage, physician-assisted suicide, abortion, national service, patriotism and dissent, the moral limits of markets—Sandel dramatizes the challenge of thinking through these conflicts, and shows how a surer grasp of philosophy can help us make sense of politics, morality, and our own convictions as well. Justice is lively, thought-provoking, and wise—an essential new addition to the small shelf of books that speak convincingly to the hard questions of our civic life.

McGraw Hill Professional
The Book That Launched an International Movement “ An absolute must-read for parents. ” —The Boston Globe “ It rivals Rachel Carson ’ s Silent Spring. ” —The Cincinnati Enquirer “ I like to play indoors better ’ cause that ’ s where all the electrical outlets are, ” reports a fourth grader. But it ’ s not only computers, television, and video games that are keeping kids inside. It ’ s also their parents ’ fears of traffic, strangers, Lyme disease, and West Nile virus; their schools ’ emphasis on more and more homework; their structured schedules; and their lack of access to natural areas. Local governments, neighborhood

associations, and even organizations devoted to the outdoors are placing legal and regulatory constraints on many wild spaces, sometimes making natural play a crime. As children's connections to nature diminish and the social, psychological, and spiritual implications become apparent, new research shows that nature can offer powerful therapy for such maladies as depression, obesity, and attention deficit disorder.

Environment-based education dramatically improves standardized test scores and grade-point averages and develops skills in problem solving, critical thinking, and decision making. Anecdotal evidence strongly suggests that childhood

experiences in nature stimulate creativity. In *Last Child in the Woods*, Louv talks with parents, children, teachers, scientists, religious leaders, child-development researchers, and environmentalists who recognize the threat and offer solutions. Louv shows us an alternative future, one in which parents help their kids experience the natural world more deeply—and find the joy of family connectedness in the process. Now includes A Field Guide with 100 Practical Actions We Can Take Discussion Points for Book Groups, Classrooms, and Communities Additional Notes by the Author New and Updated Research from the U.S. and Abroad Richard Louv's new book,

Our Wild Calling, is available now.

What's the Right Thing to Do? Princeton Review

- *APES in a BOX: The Review Sessions* is a teachers edition of our popular APES Exam study guide *APES in a BOX*. The book is broken into 16 review lessons. Each session contains student notes, an AP style review quiz, and teacher

rubrics for quiz grading. There is a bonus lesson on tips for the math portion of the exam. The most exciting part of this book is that we are selling it as a **BLACKLINE MASTER** with a single teacher license. This means that when you purchase a copy you will be free to make paper copies for all of your students! The license only extends to a single teacher and their students. Multiple teachers at the same school will need to buy separate copies for each teacher.
