## FTCE Humanities K-12 Secrets Study Guide ASCD

Despite recent progress in reading achievement among children in primary grades, many children are not moving beyond basic decoding skills to fluency and comprehension as they go on to higher grades. To address this problem, many policymakers suggest that reading coaches-master teachers who offer ongoing on-site instructional support for teachers-can improve teachers' practice and students' literacy skills. RAND researchers evaluated the middle school reading coach program in Florida to answer these questions: How is the program being implemented by the state, districts, schools, and individual coaches?

What is the impact of coaching on teachers' practice and students' achievement in reading and mathematics? What features of reading coach models and practices are associated with better outcomes?

"Exciting and engaging vocabulary instruction can set students on the path to a lifelong fascination with words. This book provides a research-based framework and practical strategies for vocabulary development with children from the earliest grades through high school. The authors emphasize instruction that offers rich information about words and their uses and enhances students' language comprehension and production. Teachers are guided in selecting words for instruction; developing student-friendly explanations of new words; creating meaningful learning activities; and getting students involved in thinking about, using, and noticing new words both within and outside the classroom. Many concrete examples, sample classroom dialogues, and exercises for teachers bring the material to life. Helpful appendices include suggestions for trade books that help

children enlarge their vocabulary and/or have fun with different aspects of words"--
