To Bruce Goldstein—an edgy, twenty-something New Yorker trying to make his mark in advertising—just waking up in the morning was an ordeal. Underemployed and recently dumped, he was well into the downward spiral of bipolar disorder. Even with therapy, lithium, Paxil, Wellbutrin, and Prozac, he could not shake his rapid mood swings, his

fear of dying, or the voice of Satan, who first visited him one sunny day in Central Park. Then came Ozzy, a black Labrador pup (named after metal's "Prince of Darkness") who leads Bruce toward recovery through complete, canine dependence. From the depths of his despair to a life remade, Bruce shows how learning to care for, train, and love the hilariously loyal Ozzy provided him with the structure and focus he needed to heal.

Silence within and beyond Pedagogical Settings Createspace Independent Pub

This book explores the significance of silence within and beyond pedagogical contexts. Silence is a complex and multidimensional phenomenon for everyday life: since schools mirror society, it is also significant in education. While silence can be experienced in a multitude of different ways, the author reflects on whether silence

itself can bear a message: is there an aspect of dialogue in silence, or is it a language all of its own? This book examines a variety of silences essential for education, examining such topics as silence and aspects of power, silent students, and the relationship between listening and silence. Drawing on a range of empirical data, the author elucidates the significance of silence in pedagogical contexts.

"Their faith was stronger than his reason." The Saddling is a mystery/thriller set on the Romney Marshes in Kent. The follow-on novel, 'The Witchling' is now available from Amazon, UK, and Kindle. To inherit his aunt's fortune, Tom Carey must unlock a one-hundred-year-old family mystery. The solution lies on the Romney Marshes where the village of Saddling lives by an ancient Lore. Unknown to Tom, the villagers set in motion a chain of calculated events that will ensure that the winter solstice will witness their last ever 'Saddling' festival. Unaware that his life is in danger, Tom befriends two village youths. Through the mists of fear and confusion, their friendship forces Tom to confront his own sexuality. Tom finds himself the unwitting hero in a struggle between superstition and sense, denial and love, with no escape from either. "Meticulously imagined in the eerie mists of Romney Marsh. A wonderfully evocative landscape of mystery." Ann Butler Rowlands (Author of 'Heaven') Praise for James Collins: "Comparable with the best of Stephen King." Charles Allenden "Very gripping,

imaginative read." Amazon "He has mastered that technique of forcing you to start the next chapter as you really care what happens to these people." Derek Stephen "A real page turner and kept me guessing right to the end." Rock the Heart Digital Press

For the last four years, good girl Lane has regretted breaking up with Noel Falcon. She thought she was sensible when she told him his

dreams of being a rock star would get him nowhere, but now that he's a rock god and her career is stagnant, she realizes just how wrong she was. When Noel hires the marketing company where Lane is an intern, she's forced to see him again. If she wants to land her dream job as executive within the company, she has to win him over and secure his account. Too bad Noel is still pissed at her for breaking his heart. When Lane's company flies her to a Black Falcon concert to gain Noel's attention, emotions run high the moment she sees him and realizes she's far from over him. But Noel's countless trysts with groupies and his cocky attitude make Lane believe he isn't the same guy she once loved—now he seems to only want her body. Then after Lane discloses she needs him to procure a job, Noel proves he's a changed man by forcing her to go on the road with him in order to get it. After Lane reluctantly takes Noel up on his offer, she becomes willing to do whatever it takes to keep him satisfied, even if it means succumbing to his seductive ways. Lane soon finds deception is a dangerous game and she's not the only one playing.

Most of the GNU Emacs text editor is written in the programming language called Emacs Lisp. You can write new code in Emacs Lisp and install it as an extension to the editor. However, Emacs Lisp is more than a mere "extension language"; it is a full computer programming language in its own right. You can use it as you would any other programming language. Because Emacs Lisp is designed for use in an editor, it has special features for scanning and parsing text as well as features for handling files, buffers, displays, subprocesses, and so on. Emacs Lisp is closely integrated with the editing facilities; thus, editing commands are functions that can also conveniently be called from Lisp programs, and parameters for customization are ordinary Lisp variables. This manual attempts to be a full description of Emacs

Lisp. For a beginner's introduction to Emacs Lisp, see *An Introduction to Emacs Lisp Programming*, by Bob Chassell, also published by the Free Software Foundation. This manual presumes considerable familiarity with the use of Emacs for editing; see *The GNU Emacs Manual* for this basic information. Generally speaking, the earlier chapters describe features of Emacs Lisp that have counterparts in many programming languages, and later chapters describe features that are peculiar to Emacs Lisp or relate specifically to editing. This is the GNU Emacs Lisp Reference Manual, corresponding to Emacs version 24.5. As Emacs Lisp became such a big project over the years, we had to split this reference manual in two parts that are two separate physical books. To keep it consistent with our digital manual, the references and page numbers cover both physical books as it were one. Therefore please note that you probably want to have both parts.

Untuk memenuhi banyak keingintahuan para pembaca bagaimana memilih kamera dan lensa yang tepat bagi mereka, inilah alasan kenapa buku ini dibuat. Ini karena memang memilih kamera dan lensa itu cukup rumit. Sekilas, semua kamera dan lensa terlihat sama, tapi kalau kita perhatikan lebih saksama, terdapat banyak perbedaan antara merek dan model. Selain itu, harga kamera dan lensa lumayan tinggi. Sebagian besar dari pembaca menabung berbulan-bulan atau bahkan bertahun-tahun untuk membeli sebuah kamera dan lensa. Sangat disayangkan jika kita salah membeli kamera, lensa, dan aksesoris lainnya. Buku ini akan memberikan pedoman pintar sebelum akhirnya memilih kamera dan lensa dengan lebih dulu:

- Memahami sistem kamera dan lensa.
- Pedoman singkat tentang genre fotografi yang diminati.
- Tip dan rekomendasi peralatan fotografi untuk jenis fotografi yang diminati.
- Membahas tentang beberapa fitur canggih yang ada di berbagai kamera digital saat ini seperti GPS, timelapse, wifi, dan sebagainya.

The Camera John Wiley & Sons

The consequences of drug use, whether illicit or prescribed.

Consequences that can be enduring, lifelong, even carry through generations. Yet few of us have the time to consider them as we live in the heat of our own daily lives. I have seen this in action, watched events while they happened, seen it unfold, lived through the results, and unfortunately am observing the ongoing calamities of it all, still today. It is not fun to watch but not mine to fix. I was and am an observer, a recorder, merely that, out of the action, incapable of altering the results. My wife made a great point on this novel's subject. Drug use she said is a leveler. It brings people down to the lowest common denominator. What a concept! How right on is that statement! Drugs affect the rich, the poor, the famous, and the infamous in every country and nationality on this earth. If you are on the upscale end drugs keep you there. The user's life contribution to humanity is likely to be nothing, but the cost to the user, their family and friends in physical, emotional, and fiscal terms expensive and of course dangerous, because it may also kill you. I have put these observations into this novel hoping that readers can identify with the characters, watch them grow and suffer through the consequences of their actions unaware of the effect of their lives and on others.

Tony Northrup's Photography Buying Guide

This invaluable interpretive tool, first published in 1937, is now available for the first time in a paperback edition specially aimed at students of Chinese Buddhism. Those who have endeavoured to read Chinese texts apart from the apprehension of a Sanskrit background have generally made a fallacious interpretation, for the Buddhist canon is basically translation, or analogous to translation. In consequence, a large number of terms existing are employed approximately to connote imported ideas, as the various Chinese translators understood those ideas. Various translators invented different terms; and, even when the same term was finally adopted, its connotation varied, sometimes widely, from the Chinese term of phrase as normally used by the Chinese. For instance, klésa undoubtedly has a meaning in Sanskrit similar to that of, i.e. affliction, distress, trouble. In Buddhism affliction (or, as it may be understood from Chinese, the afflicters, distressers, troublers) means passions and illusions; and consequently fan-nao in Buddhist phraseology has acquired this technical connotation of the passions and illusions. Many terms of a similar character are noted in the body of this work. Consequent partly on this use of ordinary terms, even a well-educated Chinese without a knowledge of the technical equivalents finds himself unable to understand their implications.
