Foyle's Philavery Tony Northrup's
Photography Buying Guide

From the foreword: "One of the High Line's powers is its ability to evoke time, to remind us of the changes we've experienced during our own lives, to bring forth echoes of the past, and to make us guess what life might be like years from now. I love the photos on these pages, because they have that power, too."

--Joshua David, Co-Founder of the Friends of the High Line. Ten Avenues Press, in association with Friends of the High Line,

announce the publication of High Line Nudes. In 2006, photographer Kevin McDermott took three of his friends up on the abandoned railroad tracks that would become New York City's High Line park to shoot a series of nudes. As McDermott states in his introduction, "at the time I took these photos, what I sought from its beauty was its sense of isolation, being alone, surrounded by nature in the middle of this metropolis." A decade later, this location is now one of the most visited tourist destinations in NYC and one of the largest real estate developments in the world. High Line Nudes captures a seemingly impossible, but beautiful moment in the history of the West Side Rail Yards, Chelsea and an ever changing New York

City. The cloth hardcover book is beautifully printed in color and rich black and white duotone images.

Sapwood and Heartwood The Mountaineers Books

A guide to landscape photography using a DSLR camera covers such topics as light, composition, perspective, lenses, black-and-white images, and HDR.

Ford Explorer & Mazda Navajo Automotive Repair Manual John Wiley & Sons

Thomas Begay is found dead-drunk under the La Plata Bridge ...not unusual for Thomas Begay. What is unusual, is the beautiful BIA investigator Patsy Greyhorse, found lying beside him ...not drunk, or even a Navajo, but very dead nonetheless. Long time friend Charlie Yazzi, fresh from law school, risks his career ...and even his life to help his old schoolmate. The Answer seems to lie with the Yeenaaldiooshii ...should one choose to believe in such things. In the far reaches of the reservation there still are traditional Navajos living their lives with few concessions

to modern mores. Guided by their strong sense of cultural heritage these outliers remain a strong anchor for the Navajo Nation. This story follows the lives of such people, caught up in a plot that could have far reaching implications for the entire tribe. "The depth of characters and culture transcends that generally seen in novels of the genre."

Original Short Stories -- Volume 06
Ansel Adams

Culled from nine years of travel on seven continents, the 150 stunning images in this book constitute a portrait of the natural beauty of the planet, including essays by Art Davidson to accompany each of five sections--Desert, Ocean, Mountain, Forest, and Polar.

Nature Photography Photo Workshop
Earth Aware Editions

* A selection of some of the most adventurous and stunning imagery from a master * Inspirational for those who seek to travel and explore our beautiful planet * Landscapes, wildlife, and cultures of Alaska, Bolivia, Ethiopia, India, Kenya, Madagascar, Patagonia, Peru, South Georgia Island, the Southwest (US), and beyond
Revel in the beauty of awe-inspiring

landscapes and the unique animals and people that inhabit them as captured through an artist's lens in Travels to the Edge, the newest book from internationally acclaimed photographer Art Wolfe. Wolfe has personally selected his 100 favorite images of majestic glaciers, expansive deserts, teeming rainforests, remote mountain peaks, and exotic tribal gatherings-all captured on location while traveling for the PBS television program "Travels to the Edge." Brief essays and captions, recorded during his journeys, share Wolfe's knowledge about the world around him and reveal his curiosity and enthusiasm for places, cultures, and creatures great and small. Funding for "Travels to the Edge with Art Wolfe" is generously provided by Canon U.S.A., Inc. and the Microsoft Corporation. Additional funding is provided by Conservation International.

If you're a beginner photographer, this book can save you hundreds of dollars. If you're a seasoned pro, it can save you thousands. With access to over 16 HOURS of online video, this book helps

you choose the best equipment for your budget and style of photography. In this book, award-winning author and photographer Tony Northrup explains what all your camera, flash, lens, and tripod features do, as well as which are worth paying for and which you can simply skip. Tony provides information specific to your style of photography, whether you're a casual photographer or you're serious about portraits, landscapes, sports, wildlife, weddings, or even macro. For the casual reader, Tony provides quick recommendations to allow you to get the best gear for your budget, without spending days researching. If you love camera gear, you'll be able to dive into 200 pages of detailed information covering Nikon, Canon, Sony, Micro Four-Thirds, Olympus, Samsung, Leica, Mamiya, Hasselblad, Fuji, Pentax, Tamron, Sigma, Yongnuo, PocketWizard, Phottix, Pixel King, and many other manufacturers. Camera technology changes fast, and this book keeps up. Tony updates this book several times per year, and buying the book gives you a lifetime subscription to the updated content. You'll always have an up-to-date reference on camera gear right at your fingertips. Here are just some of the topics covered in the book: What should my first camera be? Which lens should I

buy? Should I buy Canon, Nikon, or Sony? Is a mirrorless camera or a DSLR better for me? Do I need a full frame camera? Is it safe to buy generic lenses and flashes? What's the best landscape photography gear? Which portrait lens and flash should I buy? What gear do I need to photograph a wedding? How can I get great wildlife shots on a budget? Which sports photography equipment should I purchase? Should I buy zooms or primes? Is image stabilization worth the extra cost? Which type of tripod should I buy? Which wireless flash system is the best for my budget? How can I save money by buying used? What kind of computer should I get for photo editing? What studio lighting equipment should I buy? When you buy this book, you'll be able to immediately read the book online. You'll also be able to download it in PDF, .mobi, and .epub formats--every popular format for your computer, tablet, smartphone, or eReader!

Urban School Leadership Graphic Arts Center Publishing Company
Updated, expanded, and covering the latest software, this new edition of the bestselling *Digital Landscape Photography* brings the amazing techniques pioneered by Ansel Adams and his contemporaries to every

digital photographer. Ansel Adams' imagery - especially his iconic vision of the American National Parks - is widely published and instantly recognisable. Many photographers will have heard of his renowned Zone System, but that is just the tip of the iceberg; his unparalleled attention to detail, which once required hours in the darkroom with specialist tools, is finally accessible to all. Michael Frye's own photography provides many stunning examples of the results that can be achieved, and as one of Adams' natural successors in the field, he is well placed to analyse the many inspirational shots from the great masters of landscape photography. Combining the cutting edge of today's digital work with some of the best-known photos ever taken, this book a must-read for any landscape or nature photographer.

Salmon in the Trees tells the story of the Tongass, a 17-million acre temperate rainforest spread along the coast and across thousands of islands in the panhandle of Alaska. With some of the highest densities of grizzly

bears, black bears, and bald eagles in the world, the Tongass National Forest is a place that time hasn't quite caught up to yet. Can the great forest's biological treasures withstand the modern pressures of a globalized world? For the past two years, wildlife photographer Amy Gulick has documented the grizzlies, wolves, eagles, humpback whales, and wild salmon of the Tongass. Combined with essays from renowned conservationists, scientists, and writers Richard Nelson, Brad Matsen, Dr. Carl Safina, Ray Troll, Rosita Worl, Richard Carstensen, John Schoen, Douglas Chadwick, and John Straley, Gulick's images tell a hopeful story of a rare ecosystem that still contains all of its original components-and where the local people continue to sustainably manage its resources.

The word 'philavery' was specially invented to describe this book - a collection of words chosen simply on the grounds of their aesthetic appeal. Some of these words appeal because of their aptness, some for their

obscurity, some for their euphony, and some for their quirkiness. As a collection they will be a delight to all word lovers.

Salmon in the Trees
Phototripusa

Early in the 21st century, after the Great Recession, poet and young mother Maggie Roche is harassed by a lovely woman, Sriyanie, and a famous neuroscientist, David Elfield. She doesn't know it yet, but she is about to become history's first time traveler. When agents from the far future attempt to kill her, in baffled fury she slingshots herself into the 7th millennium. Instantly she's on the run from the Ull Lords and their virtual reality devotees. These superbeings are cyborged humans constructed to live forever, with the ambition to rule the universe. Maggie is having none of this. Encountering an earlier version of Sriyanie, her fated future role in the formation of the multiverse falls upon her shoulder like a thunderous lightningbolt. A Being at the end of

time she calls the Something wages endless war with its foes, the Ull Lords. Torn from her beloved child and her own time, Maggie must choose whether to accept this alienating path into an alternative cosmic history fit for a poet and a free woman.

Vertical Turbulent Buoyant Jets
John Wiley & Sons

This important book, written by educational expert and urban school leader, Tom Payzant, offers a realistic understanding of what urban school leadership looks like from the inside. Payzant shares his first-hand knowledge of the unique managerial, instructional, and political tasks of this role.

Effectively combining practical lessons and research, Urban School Leadership includes in-depth analysis of various leadership concerns. The book covers topics such as improving student achievement, working with unions, building community, and maintaining and developing resources. Most importantly, it offers stories of real school leaders whose successes and missteps reveal the inherent "messiness" of this difficult job. Urban School Leadership is part of the Jossey-Bass Leadership Library in

Education series. "This important book provides compelling examples of how effective leaders can have hope, see progress, and achieve success for all children in the schools and districts they lead."—Richard Riley, former United States Secretary of Education "Tom Payzant is one of the few people who could provide such a comprehensive, useful book for educational leaders at all levels. This very practical book is grounded in the important experiences and impressive judgment of one of our nation's most successful school superintendents"—Jon Schnur, co-founder and CEO, New Leaders for New Schools "Tom Payzant is one of the finest urban educators of our generation. Urban School Leadership is compelling, crisp, and wise—providing a clear path for those dedicated to improving the trajectory of children's lives."—Timothy F.C. Knowles, executive director, Center for

Urban School Improvement, University of Chicago "Urban School Leadership is a must read for anyone interested in the landscape of urban public education in America."—Beverly Hall, superintendent, Atlanta Public Schools

Handbook of Wood Chemistry and Wood Composites Palala Press

Ansel Adams (1902-1984) produced some of the 20th century's most iconic photographic images and helped nurture the art of photography through his creative innovations and peerless technical mastery. The Camera--the first volume in Adams' celebrated series of books on photographic techniques--has taught generations of photographers how to harness the camera's artistic potential. This time-honored handbook distills the knowledge gained through a lifetime in photography and remains as vital today as when it was first published. Along with visualization, image management, Adams' famous Zone System, and other keys to photographic artistry, The Camera

covers 35mm, medium-format, and large-format view cameras, while offering detailed advice on camera components such as lenses, shutters, and light meters. Beautifully illustrated with photographs as well as instructive line drawings, this classic manual belongs on every serious photographer's bookshelf. "Adams is a clear-thinking writer whose concepts cannot but help the serious photographer." - New York Times "A master-class kind of guide from an undisputed master." - Publishers Weekly Over 1 million copies sold. Publisher's Note: This ebook of The Camera works best as a digital companion to the print edition. The ebook was produced by electronically scanning and digitizing a print edition, and as a result, your reading device may display images with halftone or moiré patterns.
