Take control of your photography! Fed up with inconsistent pictures from your camera? Disappointed with your photos? Getting lost in encyclopedic photography books full of technical jargon? You may want to excel more in your photography or just impress your friends and family with your photos. Light Academy Photo Companion Guides help you to become a better photographer, simply. I began training in 2013, since then students have commented that many books confuse them. Technical information becomes overwhelming and halts the learning process. The Light Academy Photo Companion Guides are short, helpful and easy to follow. Some also contain a field guide at the back. Keep them with you, on your tablet or phone, or by your workstation. I have kept them at around 30 pages to keep the learning process manageable. Choose the areas of photography you want to expand your skill on. Buy what you need at prices that will not break the bank. About the Author - Tony Bramley FRPS Tony Bramley has been a professional photographer for over twenty years. His own photography passion started back in the 1980s as an amateur at his local camera club. He has shot from 35mm, medium format to DSLR and has been using mirrorless since 2013. Professionally, he has shot portraiture, weddings, commercial and PR photography. His personal photography revolves around abstract, street, social documentary, landscape and architecture subjects. In December 2015, he received the prestigious title of Fellow of the Royal Photographic Society. In 2016 The Bill Wisden MBE HonFRPS Fellowship of the Year Award followed. Now semi-retired, he concentrates on training photographer groups and on a one-to-one basis. His company, The Light Academy organises workshops in East Anglia and the London area. He is still active in club photography as well as travelling for talks and judging.

The X100T is the third generation in Fujifilm's popular, groundbreaking, and award-winning X100-series cameras. With its small size, powerful functionality, and classic rangefinder design, the X100 line has become the go-to camera for travel, snapshots, and street photography for amateurs and professionals alike. This book sets the X100T alongside its predecessor, the X100S, explaining everything you need to know to get the most out of these exceptional cameras. In *Mastering the Fujifilm X100T and X100S*, photographer Peter Fauland goes well beyond the camera manual to offer ambitious photographers both in-depth techniques and helpful tips on how to get the most out of their cameras. Fauland not only explains each camera's functions and features, he provides practical advice for specific shooting situations—such as urban landscapes, "silent shooting," and portraiture—using clear instructions along with example images. Included are discussions on new features such as:

- The new hybrid viewfinder
- The integrated ND filter
- In-camera image editing
- Effective use of flash
- Using WiFi
- Shooting video

Much, much more Intended for those who already have a basic understanding of photography fundamentals such as exposure and composition, this book gets X100T and X100S owners quickly up and running with their cameras, significantly shortening the learning curve on the path to creating great photographs. Even for seasoned amateurs, advanced enthusiasts, and semi-pros, there are sure to be many aha moments as Fauland reveals new tips, tricks, and techniques for using the X100T and X100S cameras.
