The Complete Guide to

Fujifilm's X-100F (B&W Edition)  
In this book, popular Fuji Rumors "'X-Pert Corner"' columnist Rico Pfirfirstinger teaches about the little-known capabilities of the Fujifilm X-T2, which he's discovered through months of in-depth research and experimentation with the camera. After a brief overview of the camera's basic functions, Rico cuts to the chase and provides a plethora of tips and practical

instructions not found in the user's manual. With this knowledge, you will be able to take full advantage of the capabilities of the X-T2. The Fujifilm X-series cameras have amazing features but may require an adjustment period for tho.

Collaboratively Constructed Language Resources (CCLRs) such as Wikipedia, Wiktionary, Linked Open Data, and various resources developed using

---

crowdsourcing techniques such as Games with a Purpose and Mechanical Turk have substantially contributed to the research in natural language processing (NLP). Various NLP tasks utilize such resources to substitute for or supplement conventional lexical semantic resources and linguistically annotated corpora. These resources also provide an extensive body of texts from which valuable knowledge is mined. There are an increasing number of community efforts to link and maintain multiple linguistic resources. This book aims offers comprehensive

coverage of CCLR-related topics, including their construction, utilization in NLP tasks, and interlinkage and management. Various Bachelor/Master/Ph.D. programs in natural language processing, computational linguistics, and knowledge discovery can use this book both as the main text and as a supplementary reading. The book also provides a valuable reference guide for researchers and professionals for the above topics.

*The Complete Guide to Fujifilm's X-T4 (B&W Edition)*  
This book brings to life one of the most exciting eras in American history. In late 1819 Colonel Henry Atkinson led an expedition to explore the wilderness of the Upper Missouri and establish sites for a string of military posts, which would extend successful contacts with the Indians as well as exploit trade with British companies. The result of his efforts was a fort

system which played a dramatic and significant role in the opening of the territories of the upper plains and the Rockies.
