Fool Moon continues the adventures of Jim Butcher’s most famous—and infamous—reluctant hero... You’d think there’d be a little more action for the only professional wizard

listed in the Chicago phone book. But lately, Harry Dresden hasn't been able to dredge up any kind of work: magical, mundane, or menial. Just when it looks like he can't afford his next meal, a murder comes along that requires his particular brand of supernatural expertise. There's a brutally mutilated corpse, and monstrous animal markings at the scene. Not to mention that the killing took place on the night of a full moon. Harry knows exactly where this case is headed. Welcome to Patricia Briggs's world, a place where "witches, vampires, werewolves, and shape-shifters live beside ordinary people" (Booklist). It takes a very unusual woman to call it home—and there's no one quite like Mercy Thompson. By day, Mercy Thompson is a car mechanic in the sprawling Tri-Cities of Eastern Washington. By night, she explores her preternatural side. As a shape-shifter with some unusual talents, Mercy's found herself maintaining a tenuous harmony between the human and the not-so-

human on more than one occasion. This time she may get more than she bargained for. Marsilia, the local vampire queen, has learned that Mercy crossed her by slaying a member of her clan—and she's out for blood. But since Mercy is protected from direct reprisal by the werewolf pack (and her close relationship with its sexy Alpha), it won't be Mercy's blood Marsilia is after. It'll be her friends'.

Dwayne's mate and they both knew it. He'd always known it. It was just too bad that Harvey decided to go off and play soldier instead of claiming him or even talking to him about it. My three intended mates left me rejected, half-marked, and broken. Every wolf shifter dreams about her first night with her mates, but mine left me an outcast with the revelation that I'm really a

hybrid. A hybrid between a wolf and what is the question. Only my late mother knows the answer, but these days, I have other things to worry about. Namely, being caught in a war between my gorgeous jerk of a boss and the hunter who's somehow become my friend with benefits. Until the consequences of my incomplete mating mark leave me in physical anguish each full moon, that is--and the only thing keeping the monster in my veins at bay is the dark gift of a vampire lord who thinks I'm something else entirely. Something that makes me more dangerous than anyone could have imagined--especially me. Like I don't have enough infuriating (but admittedly tantalizing) alpha males on my plate, now the three wolves who threw me away are back, trying to stake their claim now that I'm their only hope of overthrowing my unhinged father as regional alpha. If the men in my life don't make up their minds soon, I'm booking a one-way ticket to an all-female island. Their Rejected Mate is a full-length Rejected Mates Wolf Shifter Romance, and the first in the Luna Rejected series. This series features four alpha male anti-hero love interests, an unbreakable heroine who keeps them in check, and in true Reverse Harem fashion, the MC doesn't have to choose between her guys. Includes MFM and eventual MMF content.

But Keeley is human, and a man, and Reece doesn't need this headache when he's been alpha of his own pack for just three months. But Keeley is unlike any man he's ever met, and just when Reece accepts being mated to him, Keeley is attacked and nearly dies. Can Reece save Keeley and his pack? This wasn't how he thought mating would go... For a long time, wolf-shifter Morgan Cain told himself and almost anyone else who would listen that he didn't want a mate. Why would he when there were so many enticing human males to

slake his lust? But he was lying. Morgan wanted a special someone far more than he'd ever be willing to admit. Only, when he finally gets a mate, it's in the last way he ever would have thought possible. For terminally ill human Shane Wood, the twenty-one day Grand Canyon river trip was supposed to be his last hurrah. With a horrific death looming, he thought he only had one way out, until he realizes there's something different about the men from Wild West Adventures. Once Shane discovers they're wolf-shifters, and the other two humans on the trip have been mated, Shane decides to claim Morgan as his own. Shane wished he could do things differently, but desperation drives him to take the only shot at life he has left. But what will happen to the three newly-turned humans on the night of the full moon? This slow-burn M/M romance contains a wolf-shifter with a surprising past and fabulous hair, a dangerously determined human, a decidedly twisted situation for a pair of blood-bound mates, and a whole lot of wild river

trip surprises. 40,500 words or 162 pages.
