Full-Spectrum Strategic Leadership: Being on the Cutting Edge through Innovative Solutions, Integrated Systems, and Enduring Relationships articulates how strategic leaders, senior managers, business professionals, aspiring young business leaders, and management students can make dramatic improvements in their endeavors, enrich their knowledge and capabilities, and learn the essential perspectives of strategic leadership and management. In today ' s world, strategic leaders regardless of venue have to be confident in their aspirations, holistic in their perspectives, proactive in their strategies and actions, and lead change ahead of the prevailing driving forces. Full-spectrum strategic leadership (FSL) is about being on the cutting edge and leading from the front and ahead of changes in the business environment. It involves creating unique solutions, developing effective and efficient systems, and building enduring relationships with people. Astute strategic leader embrace opportunities, overcome challenges, and eliminate threats before others are even aware of the underpinnings of change. They are capable, confident, and courageous when developing and deploying strategic innovations. Strategic innovations are essential in creating sustainable success and extraordinary outcomes. The book examines cutting-edge leadership and management constructs and practices. It describes how to create value across space and time and how to sustain success in a more turbulent and global business world. It explores how to lead change through insights, imagination, and innovativeness. It describes what a solution is and how to design, develop, validate, and deploy solutions that are on the cutting edge. It details how to establish integrated value systems that are inclusive

and how to build enduring relationships. The book describes theories, constructs, models, insights, and practices based on multifaceted perspectives and holistic management. Given the current level of obsolesces in theories and practices in today ' s business world, FSL presents cutting-edge leadership and management constructs for becoming more sophisticated and successful in a turbulent business world. Given the prevailing business realities, strategic leaders are creating, innovating, developing, improving, growing, and sustaining success or they are falling hopelessly behind. FSL is the never-ending desire to accomplish more and provide more beneficial outcomes for people. It is based on the recognition that good is never good enough, that the needs, wants, and expectations of tomorrow are expected to be more challenging than those of today, and that strategic leaders have to provide solutions to the myriad of problems, concerns and issues. It is also based on the multifaceted perspective that such challenges are really opportunities for excelling and creating value for everyone. Truly great strategic leaders provide solutions and systems that maximize the positives and minimize the negatives. They embrace corporate social responsibility, sustainability, and sustainable success. Truly great leaders make the world a better place.

In the Middle East, turmoil has spread quickly. Oppression, inequality, and violence have been keyed in to the very makeup of its society. But what causes a culture to emerge and prosper or stagnate and fail? How can the people take charge of their own inalienable rights to growth, freedom, and life—to keep from backsliding into the grasp of old, unhealthy ideologies and meet their need for ascendance? In Elza Maalouf 's groundbreaking new book *Emerge! The Rise of Functional Democracy in the Middle East*, we are introduced to a new paradigm for governance based on Clare Graves ' theory of Spiral Dynamics. Maalouf, the founder of the Center for Human Emergence and the Build Palestine Initiative, is

an expert on the application of Spiral Dynamics in the Middle East. By placing democracy in an evolutionary, values-system context that is specific to unique, Middle Eastern characteristics, Emerge pioneers the foundations for necessary change. Where the West ' s approach to conflict resolution has failed due to lack of memetic understanding, Maalouf ' s framework for decoding the complexities of the Middle East succeeds. By weaving together the threads that make up the pattern of each culture, Emerge shows the crucial role memes play in creating a system of governance that truly fits. Not only does Emerge ask us to seek understanding before we structure and create, it shows us the necessity of teaching our youth to build their own sustainable, indigenous constructs.

No longer must you suffer with chronic or acute pain! In this book, Doreen Virtue and Robert Reeves (a successful Australian naturopath) explain how you can reduce or eliminate physical discomfort with their unique blend of natural and spiritual healing methods. You'll understand the origin of, and reasons for, your pain; and, rather than just covering up symptoms, you'll be guided in building a foundation of true wellness. This book contains detailed guidelines for healing, taking you through the research and offering recommendations for nutrition, exercise, and physical and energetic therapeutic methods. Learn which healing modalities may be best for you, and how to get well without the need for harsh chemical drugs or surgery. You'll also be inspired by stories shared by readers and clients who were able to relieve their pain with the help of the angels. Don't allow pain to hold you back any longer. Underneath your suffering is a perfectly comfortable, healthy body. Within these pages you will uncover how to reveal it and ease pain naturally. Get ready to enjoy life again!
