Fundamental Accounting Principles by John J. Wild

The cash basis reports expenses when cash is paid while the accrual basis reports expenses when they are incurred (and matched with revenues they generated). 2. The accrual basis of accounting generally provides a better indication of company performance and financial condition than does the cash basis.

Unlike other texts, PRINCIPLES OF COST ACCOUNTING, 17E ensures students master fundamentals before progressing to topics that are more complex. Students begin with job order costing and advance to process costing before delving into specialized topics, such as budgeting, standard costing and variance analysis, costing for service businesses, and cost analysis for management decisions.
