For over ten years, Weygandt, Kieso, Kimmel, Trenholm, Kinnear Accounting Principles has been praised by both students and instructors across the country for its outstanding visual design, its carefully integrated pedagogy, and its excellent writing style and clarity of presentation. Our main focus continues to be ' Student Success in Accounting ' and the new fifth edition package further enables both instructors and students to achieve successful learning outcomes. It introduces challenging accounting concepts with examples that are familiar to the student with a stepped-out pedagogy that breaks down complex topics making the material more manageable. This connection to their everyday lives helps build student motivation, a key driver of student time spent on assignments and ultimately their mastery of the concepts. Weygandt Accounting Principles, Fifth Canadian Edition enables students to become independent and successful learners by including a variety of additional resources, more opportunities to use technology, and new features that empower students to apply what they have learned in the classroom to the world outside the classroom. The seamlessly integrated digital and print resources to accompany Accounting Principles, Fifth Canadian Edition offer additional tools for both instructors and students in order to help students experience success.

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

"Fantastic Learning Tool...Don't let this book title fool you. It is not an oversimplification of accounting and

financial principles. It is, however, a serious and very effective examination of a very small but progressively

complex business. There are not many books available on the market that make a complex and dry subject

understandable and even fun. This book successfully does just that." -Amazon Reviewer The Clearest

Explanation Ever of the Key Accounting Basics The world of accounting can be intimidating. Whether

you're a manager, business owner or aspiring entrepreneur, you've likely found yourself needing to know

basic accounting...but baffled by complicated accounting books. What if learning accounting could be as

simple and fun as running a child's lemonade stand? It can. The Accounting Game presents financial

information in a format so simple and so unlike a common accounting textbook, you may forget you're

learning key skills that will help you get ahead! Using the world of a child's lemonade stand to teach the basics

of managing your finances, this book makes a dry subject fun and understandable. As you run your stand,

you'll begin to understand and apply financial terms and concepts like assets, liabilities, earnings, inventory

and notes payable, plus: --Interactive format gives you hands-on experience --Color-coded charts and

worksheets help you remember key terms --Step-by-step process takes you from novice to expert with ease

--Fun story format speeds retention of essential concepts --Designed to apply what you learn to the real

world The revolutionary approach of The Accounting Game takes the difficult subjects of accounting and

business finance and makes them something you can easily learn, understand, remember and use! "The game

approach makes the subject matter most understandable. I highly recommend it to anyone frightened by

either numbers or accountants." -John Hernandis, Director of Corporate Communications, American
