[HESI Comprehensive Review for the NCLEX-RN® Examination - E-Book](#) Elsevier Health Sciences Nursing is in high demand, especially amidst the current Covid-19 pandemic. However, while the supply could be there for nursing students to meet the high demand for nurses, few rarely know the immense pressures of nursing school, the coursework, the standardized exams such as the HESI, the Exit HESI, and finally the dreaded NCLEX-RN exam. Nursing takes a tremendous mental, physical,

and emotional toll on future nurses both inside and outside of the classroom setting. Therefore, who is better to write a study guide using two prominent nursing text books on both the EXIT HESI and the NCLEX-RN exam, than a former MSN, CNL student herself. The textbooks are “Saunders Comprehensive NCLEX-RN examination” by Silvestri, the 7th edition and “HESI Comprehensive Review for the NCLEX-RN Examination” by Al-Arabi, Cuellar, Dufrene, Garner, Jemison, Law, Leland, Pine, and Ralph, the 5th edition. This study guide version of these two popular Nursing textbooks will benefit nursing students who need one clear and concise resource that will meet their needs.
