### **Fundamentals of Business Law Profile** Books (GB)

This cost-effective alternative to traditional Business Law texts offers in-depth coverage of all core topics (including contracts and sales) in a brief, paperback format. It's the first book of its kind to combine a less expensive, less detailed approach with excerpted (rather than summarized) cases to illustrate key points

of law. This text is perfect for single-semester courses that focus primarily on contracts and sales.

Money, Banking, and Financial Markets Cengage Advantage Books:  
Fundamentals of Business Law Today: Summarized Cases

Although we have been successful in our careers, they have not turned out quite as we expected. We both have changed positions several times-for all the right reasons-but there are no pension plans vesting on our behalf. Our retirement funds are growing only through our individual contributions. Michael and I have a wonderful marriage with three great children. As I write this, two are in college and one is just beginning high school. We have spent a fortune making sure our children have received the best education available. One day in 1996, one of my children came home disillusioned with school. He was bored and tired of studying. "Why should I put time into studying subjects I will never use in real life?" he protested. Without thinking, I responded, "Because if you don't get good grades, you won't get into college." "Regardless of whether I go to college," he replied, "I'm going to be rich."

Business Law Today Simon and Schuster  
The #1 New York Times bestseller. Over 4 million copies sold! *Tiny Changes, Remarkable Results* No matter your goals, *Atomic Habits* offers a proven framework for improving--every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to: make

time for new habits (even when life gets crazy); overcome a lack of motivation and willpower; design your environment to make success easier; get back on track when you fall off course; ...and much more. *Atomic Habits* will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits--whether you are a team looking to win a championship, an organization hoping to redefine an industry, or simply an individual who wishes to quit smoking, lose weight, reduce stress, or achieve any other goal.

*Naked Economics: Undressing the Dismal Science*  
Cengage Learning

*Fundamentals of U.S. Law* by Fernholz and Collova introduces LLM students to the common law method of case analysis through concentrated study of topics in Tort and Constitutional Law. *Fundamentals of U.S. Law* teaches the “how” of legal practice in the United States. Students learn how to read cases, synthesize rules from reasoning, apply those rules to novel situations, and predict how the law may develop. The authors, two experienced lawyering skills instructors, use a half dozen fascinating and controversial topics to teach the signature skill of the common-law case method. Highlights of the First Edition: LLM students are bright, motivated, legally sophisticated, and ready to succeed. *Fundamentals of U.S. Law* plays to their strengths and mitigates their weaknesses. The textbook starts with a very short introduction to the legal

---

system in the United States, followed by a discussion of one example of state common-law development. The rest of the textbook presents a set of interlinked topics of American constitutional law, all of which are likely to immediately engage student interest. No boring topics allowed. Students learn how courts use their decisions to create new law, the hallmark of common-law case development. Students also learn the fundamental skills of case analysis, including rule identification, rule synthesis, and application of the rule to novel facts. Students learn to apply these skills in American-style law school examinations. Professors and students will benefit from: Lightly-edited cases in topics most likely to interest lawyers educated outside of the United States Extensive introductions before each case, placing the case in historical and legal context and indicating those issues the student should consider while reading the case Extensive editorial notes in the initial cases to help students read cases more efficiently and effectively Notes that particularly focus on developing the skills of common-law case analysis Sample exam questions at or near the end of each chapter Business Law Today, Standard: Text & Summarized Cases Cram101 A less-expensive grayscale paperback version is available. Search for ISBN 9781680923018. Business Law I Essentials is a brief introductory textbook designed to meet the scope and sequence requirements of courses on Business Law or the Legal Environment of Business. The concepts are presented in a streamlined manner, and cover the key concepts necessary to establish a strong foundation in the subject. The textbook follows a traditional approach to the study of business law. Each chapter contains learning objectives, explanatory narrative and concepts, references for further reading, and end-of-chapter

questions. Business Law I Essentials may need to be supplemented with additional content, cases, or related materials, and is offered as a foundational resource that focuses on the baseline concepts, issues, and approaches.

Fundamentals of Business Law Cengage Learning

Author of cult classics The Pumpkin Plan and The Toilet Paper Entrepreneur offers a simple, counterintuitive cash management solution that will help small businesses break out of the doom spiral and achieve instant profitability. Conventional accounting uses the logical (albeit, flawed) formula: Sales - Expenses = Profit. The problem is, businesses are run by humans, and humans aren't always logical. Serial entrepreneur Mike Michalowicz has developed a behavioral approach to accounting to flip the formula: Sales - Profit = Expenses. Just as the most effective weight loss strategy is to limit portions by using smaller plates, Michalowicz shows that by taking profit first and apportioning only what remains for expenses, entrepreneurs will transform their businesses from cash-

---

eating monsters to profitable cash cows. Using Michalowicz's Profit First system, readers will learn that:

- Following 4 simple principles can simplify accounting and make it easier to manage a profitable business by looking at bank account balances.
- A small, profitable business can be worth much more than a large business surviving on its top line.
- Businesses that attain early and sustained profitability have a better shot at achieving long-term growth.

With dozens of case studies, practical, step-by-step advice, and his signature sense of humor, Michalowicz has the game-changing roadmap for any entrepreneur to make money they always dreamed of.

How To Win Friends And Influence People Lulu Press, Inc

Brief and affordable, **FUNDAMENTALS OF BUSINESS LAW:**

**SUMMARIZED CASES** focuses on core business law topics, including contracts and sales. Summarized cases are integrated throughout the text to illustrate key points of law. **FUNDAMENTALS OF BUSINESS LAW: SUMMARIZED CASES** is ideal for the one-term course that focuses primarily on contracts and sales. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

**Fundamentals of Business Law** Thomson West

Titles in Barron 's Business Review series are widely used as classroom supplements to college textbooks and often serve as a main textbook in business brush-up programs. **Business Law** focuses on the importance of legal theory in the everyday business world, explaining such subjects as tort responsibility, government regulations, contracts, environmental law, product liability, consumer protection, and international law, among many other topics. Also discussed in detail are the legal aspects of partnerships, franchises, and corporations, as well as special topics that include business crimes, property as a legal concept, intellectual property, and similar pertinent topics. A study aid labeled Key Terms appears

at the beginning of each chapter, and You Should Remember summaries are strategically interspersed throughout the text.

**Study Guide to Accompany Fundamentals of Business Law** Aspen Publishing

The Study Guide features chapter-by-chapter review, with the following for each chapter of the text: learning objectives, a brief introduction, a chapter outline, true/false questions, fill-in questions, multiple-choice questions, short essay problems (answers in the Instructor's Manual), and "Issue Spotters." Answers to all questions and "Issue Spotters" can be found at the end of the Study Guide.

Fundamentals of Business Law Today + Mindtap Business Law, 1-term Access Penguin

Ries and Trout share their rules for certain successes in the world of marketing. Combining a wide-ranging historical overview with a keen eye for the future, the authors bring to light 22 superlative tools and innovative techniques for the international marketplace.

**Studyguide for Fundamentals of Business Law** Thomson Learning

**Dynamic Business Law: The Essentials** is appropriate for the one-semester Business Law course. It contains the basics of business law but does not get bogged down in the kind of details that are more appropriate in an upper-level law class. The text provides an examination of the basic questions, concepts, and legal rules of business law. Emphasis on the BUSINESS in business law. **Dynamic Business Law: The Essentials** emphasizes the tie of legal issues back to the core business curriculum. This will help both students and faculty. Faculty need to know how this is integrated as they are constantly 'defending' the inclusion of this course in the business curriculum. And students need to understand how the concepts tie to their future business careers. Emphasis on TEACHING. Many professors teaching this course are attorneys first and academics second. They do not have a lot of time to prepare or think about how to apply this information effectively for their business students. **Dynamic Business Law: The Essentials** contains a helpful instructor 's manual, particularly for the many adjuncts teaching this course. Emphasis on CRITICAL THINKING. Neil

---

Browne, one of the co-authors of this text, has written a successful text on critical thinking. His framework is included in *Dynamic Business Law: The Essentials* as well — to help students learn how to frame and reframe a question/issue. Critical thinking questions are also included at the end of each case, to tie in this component even further.

Cengage Advantage Books + Lms Integrated for Mindtap Business Law, 2 Terms (12 Months) Access Card Van Rye Publishing, LLC

Written specifically to help lawyers and non-lawyers brush up on franchise law, this respected publication - now in its fourth edition - is charged with useful definitions, practical tips, and expert advice from experienced franchise law practitioners. This practical guide examines franchise law from a wide-range of experiences and viewpoints. Each chapter is written by two experienced practitioners to provide a well-rounded guide to the fundamentals of franchise law and key issues in the practice, including trademark law; structuring the franchise relationship; disclosure issues; registration; franchise relationship laws; antitrust law; counseling franchisees; and more.

The 22 Immutable Laws of Marketing DigiCat

**INTERNATIONAL BUSINESS LAW: CASES AND MATERIALS**

is a timely and useful book. Uncounted millions of “ international ” transactions occur daily, as goods and services are purchased across the national boundaries of some 200 political units. Capital flows from nation to nation, and so—to a lesser extent—do jobs, as companies seek more favorable locations for their business operations. The “ rules ” (laws) governing these exchanges quickly become complex, as persons (and governments) from different countries are involved. If problems arise in a cross-border relationship, whose rules apply? What forums are available to resolve disputes? Are there tax implications to the transaction? If so, where? These and similar questions need to be factored into the decision to “ go overseas. ” Each of the six chapters in this book begins with a

brief overview of the subject-matter, followed by short previews of the chosen case examples. The primary content of the chapters consists of some 120 court and arbitration decisions in real disputes, between real parties. The actual text of the decisions in these cases has been edited; some excerpts are quite brief, others are more substantial. Most “ background ” facts have been summarized by the author, but the edited-decision part of each case is quoted from the actual recorded text of the court or arbitrator who decided it. Clearly, a minute sample from tens of thousands of cases cannot provide comprehensive coverage of what all the world ’ s legal rules are. Our objectives here are simply to indicate some of the major potential “ flash points ” of doing international business, to illustrate some of the significant differences in the applicable legal rules, and to provide an exposure to the language and process by which international business disputes are resolved. “ Fore-warned is fore-armed. ” Being aware of these potential trouble spots, a sensible business manager will presumably consider them in making the decision to engage in cross-border transactions, and take appropriate steps to avoid or minimize potential adverse consequences. Chapter I of this book introduces International Law—its course of development and its two major sources (custom and treaties). Chapter II examines the use of national and international courts and arbitrators to resolve cross-border disputes. Chapter III provides basic coverage of the United Nations Convention on Contracts for the International Sale of Goods: when it applies, how the sale contract is formed, when risk of loss on the goods passes from Seller to Buyer, and what responsibilities the Seller has for the quality of the goods sold. Chapter IV looks at some of the legal questions that might arise in

---

conducting cross-border commercial operations—employment issues, intellectual property issues, and investment issues. Chapter V considers potential questions regarding taxation of international activities, and the regulation of adverse environmental effects. Chapter VI reviews the efforts by national governments to apply their competition regulations to international business transactions, and the difficulties that private parties might have in attempting to enforce legal claims against governments and their agencies. While these are surely not the only legal issues that might arise in connection with international business, they do constitute a significant set of concerns of which managers need to be aware as they venture into the international “stream of commerce.”
