Excel 2019 Bible McGraw-Hill Education

Corporate Finance, by Ross, Westerfield, Jaffe and Jordan was written to convey the most important corporate finance concepts and applications as a level that is approachable to the widest possible audience. The concise format, managerial context and design, and student-friendly writing style are key attributes in this text. We took the best from RWJ Fundamentals and RWJ Corporate to create a book that fits an underserved need in the market. RWJ Core Principles strikes a balance by introducing and covering the essentials, while leaving more specialized topics to follow-up courses. This text distills the subject of corporate finance down to its core, while also maintaining a deciding modern approach. The well-respected author team is known for their clear, accessible presentation of material that makes this text an excellent teaching tool.

Fundamentals of Corporate Finance Wiley

Fundamentals of Corporate Finance 7e provides students with a comprehensive and applied introduction to the principles of corporate finance. This market-leading text has been substantially revised to reflect recent developments in the field, such as the impact of the Global Financial Crisis, contemporary challenges in capital budgeting and socially responsible investing. It features new local and international case studies to enhance students' understanding of the practical applications of corporate finance. A practical and engaging study tool, this new edition offers students: - step-by-step illustrations and diagrams explaining the basics - and complexities - of corporate finance - applied examples, cases and exercises built into each chapter - coverage of a wide range of topics, including perspectives and lessons from capital market history - an overview of the latest research and emerging trends in corporate finance - regionally relevant examples throughout the text to help put learning in perspective.

Fundamentals of Corporate Finance McGraw-Hill/Irwin

Student Problem Manual for Use with Fundamentals of Corporate Finance, Seventh Edition, Stephen A. Ross, Randolph W. Westerfield, Bradford D. Jordan McGraw-Hill Education

The co-author of the best-selling That Used to Be Us describes the forces driving the next stage of globalization, which he predicts will be a period of expanding wealth, opportunity and international cooperation.

Fundamentals of Corporate Finance Cognella Academic Publishing

Fundamentals of Corporate Finance was designed and developed for a first course in business or corporate finance, for both finance majors and non-majors alike. The text is nearly self-contained in terms of background or prerequisites, assuming some familiarity with basic algebra and accounting concepts, while still reviewing important accounting principles very early on. The organization of this text has been developed to give instructors the flexibility they need. The best-selling text has three basic themes that are the central focus of the book: 1) An emphasis on intuition: the authors separate and explain the principles at work on a common sense, intuitive level before launching into any specifics. 2) A unified valuation approach: net present value (NPV) is treated as the basic concept underlying corporate finance. 3) A managerial focus: the authors emphasize the role of the financial manager as a decision maker, and they stress the need for managerial input and judgment.

Fundamentals of Corporate Finance Pearson

“ Strikes the right balance between the theoretical concepts and their applications ” Ortenca Kume, University of Kent “ Written in a refreshing, crisp and precise manner ” Jan Schnitzler, VU University Amsterdam In this new and fully updated Seventh Edition of Corporate Finance: Principles and Practice, the key principles and mathematical techniques are clearly explained step – by-step and put into practice through numerous vignettes which take a closer look at real-world and well-known companies. What ’ s new? Chapter vignettes refreshed to reflect the current economic and financial climate, along with accompanying questions aiming to deepen student's knowledge of key contemporary issues All data and tables updated to reflect current trends in key economic variables and developments in corporate finance Chapter 1 revised to reflect recent developments in corporate governance Chapter 11 updated to take account of the changes in UK anti-trust regulation Denzil Watson and Antony Head are Principal Lecturers in Sheffield Business School at Sheffield Hallam University. They have extensive experience of teaching corporate finance, managerial finance and strategic financial management in a wide range of courses at undergraduate, postgraduate and professional level.

Fundamentals of Corporate Finance McGraw-Hill/Irwin

Essentials of Corporate Finance, 7th edition by Ross, Westerfield, and Jordan is written to convey the most important concepts and principles of corporate finance at a level that is approachable for a wide audience. The authors retain their modern approach to finance, but have distilled the subject down to the essential topics in 18 chapters. They believe that understanding the “ why ” is just as important, if not more so, than understanding the “ how, ” especially in an introductory course. Three basic themes emerge as their central focus: 1. An emphasis on intuition—separate and explain the principles at work on a common sense, intuitive level before launching into specifics. Underlying ideas are discussed first in general terms, then followed by specific examples that illustrate in more concrete terms how a financial manager might proceed in a given situation. 2. A unified valuation approach—Net Present Value is treated as the basic concept underlying corporate finance. Every subject the authors cover is firmly rooted in valuation, and care is taken to explain how decisions have valuation effects. 3. A managerial focus—Students learn that financial management concerns management. The role of financial manager as decision maker is emphasized and they stress the need for managerial input and judgment.
