Fundamentals of Anatomy and Physiology F.A. Davis

"Thinking about thinking is more strenuous than physical labor. A physical task is always easier if you use the right tool. The concept also is true of mental labor. A critical thinking strategy provides a methodical, analytical approach to answering multiple-choice questions in nursing. You are encouraged to use the critical thinking strategies when practicing test taking in nursing"--

Fundamentals of Nursing - E-Book Elsevier

The Doctor of Nursing Practice Project: A Framework for Success, Third Edition provides the foundation for the scholarl process enabling DNP students to work through their project in a more effective, efficient manner.

Basic Nursing F.A. Davis

"Where was this book when I was a new nurse just learning the ropes of labor and delivery? This is a true gem of a book—a must for any new grad going into labor and delivery. I recommend this book for every labor and delivery floor." Cindy Curtis, RNC, IBCLC, CCE Former Director, The Family Birth Center Culpeper Regional Hospital Lignum, VA "The best one stop reference book for the experienced and noviced Labor and Delivery RN....Finally an excellent Labor and Delivery book by RN's -- for RN's." Garla DeWall, RNC Presbyterian Hospital in the Family Birthing Center Albuquerque, New Mexico Labor and delivery nursing requires critical thinking, constant caring, teamwork, and communication. As the first line of defense to prevent injury, labor and delivery nurses take on some of the most difficult and trying challenges in the delivery room. Murray and Huelsmann present this clinically oriented guide to help labor and delivery nurses make wise decisions in the delivery room. The authors provide a wealth of insight on how to maximize both maternal and fetal outcomes. This book provides authoritative guidance on intervention options, creation of patient-centered plans of care, and improved communication with other members of the obstetrics team. Special Features: Explains the stages and phases of delivery, pain management, patient assessment, and much more Features references, relevant graphics, skills checklists, and review questions at the end of each section Useful for RNs new to the field, seasoned practitioners looking for updated methods and data, and nurses preparing for certification and licensure With this book, nurses will gain the confidence and competence to approach labor and delivery challenges with care and efficiency.

Redeem the Plus Code inside new, printed texts to access your DavisPlus online instructor and student resources, including your Davis Digital Version, your complete text online, as well as two, 75-question course exit exams. “ I honestly feel that every incoming student nurse should have a copy of the Fundamentals Success book because it familiarizes students with what their fundamental tests will be like. Who wouldn't benefit from knowing what their test is going to look like? Being prepared with Fundamentals Success meant I hit the ground running. I aced my first test when most of my classmates were facing their first ever-academic failures. Nursing school is nothing like anything I have ever done before, memorizing text books will do little to prepare you to be a critical thinker. To succeed you must be able to apply the knowledge in multi-step process...the nursing process! The FA Davis books take you there and they do it quickly, because we nursing students needed to know it yesterday! ” —Corrie Cyre, Hillsborough Community College

Southshore, Student Nurses Association President
