Letter from Birmingham Jail John Wiley & Sons

The Credential Society is a classic on the role of higher education in American society and an essential text for understanding the reproduction of inequality. Controversial at the time, Randall Collins's claim that the expansion of American education has not increased social mobility, but rather created a cycle of credential inflation, has proven remarkably prescient. Collins shows how credential inflation stymies mass education's promises of upward mobility. An unacknowledged spiral of the rising production of credentials and job requirements was brought about by the expansion of high school and then undergraduate education, with consequences including grade inflation, rising educational costs, and misleading job promises dangled by for-profit schools. Collins examines medicine, law, and engineering to show the ways in which credentialing closed these high-status professions to new arrivals. In an era marked by the devaluation of high school diplomas, outcry about the value of expensive undergraduate degrees, and the proliferation of new professional degrees like the MBA, The Credential Society has more than stood the test of time. In a new preface, Collins discusses recent developments, debunks claims that credentialization is driven by technological change, and points to alternative pathways for the future of education.

Only once did David Foster Wallace give a public talk on his views on life, during a commencement address given in 2005 at Kenyon College. The speech is reprinted for the first

time in book form in THIS IS WATER. How does one keep from going through their comfortable, prosperous adult life unconsciously' How do we get ourselves out of the foreground of our thoughts and achieve compassion' The speech captures Wallace's electric intellect as well as his grace in attention to others. After his death, it became a treasured piece of writing reprinted in The Wall Street Journal and the London Times, commented on endlessly in blogs, and emailed from friend to friend. Writing with his one-of-a-kind blend of causal humor, exacting intellect, and practical philosophy, David Foster Wallace probes the challenges of daily living and offers advice that renews us with every reading.

In real life, Stevens is a professor at Stanford University. But for a year and a half, he worked in the admissions office of a bucolic New England college known for its high academic standards, beautiful campus, and social conscience. Ambitious high schoolers and savvy guidance counselors know that admission here is highly competitive. But creating classes, Stevens finds, is a lot more complicated than most people imagine.

From an Ivy League dean and a college admissions expert, a guide to help parents support their children as they navigate their way to college The College Conversation is a comprehensive resource for mapping the path through the college application process that provides practical advice and reassurance to keep both anxious parents and confused children sane and grounded. Rather than adding to the existing canon of "How to Get In" college guides or rankings, Eric Furda and Jacques Steinberg provide a step-by-step approach to having the tough conversations on this topic with less stress and more success. The book is organized around key discussions and themes that trace the chronological arc of admissions and financial aid--beginning before the assembly of a

list of potential colleges and continuing through the receipt of decisions--with a final section that includes advice on the first year of college. The topics include preliminary conversations about the search, and specifically how parents can think about their children's interests and what kind of college would best suit them; choosing a college (based on its curriculum, culture, and community); writing the most effective essays; assessing acceptances, including considerations of finances and aid; and making the transition from high school to college life. The College Conversation will provide parents, students, and counselors with the credible, level-headed information often missing in this process, as well as a much-needed dash of perspective borne of experience.

The Star-Touched Queen Simon and Schuster

"A former Ivy League admissions officer offers an inspiring battle cry for sanity in the college application process that looks beyond the rankings to successfully determine what's truly the best school for you or your child. After years as a college admissions director for Dartmouth, Becky Munsterer Sabky had seen it all. The perfect grades, the perfect scores, and the perfect extracurriculars. The valedictorians were knocking at the gate, but in their quest for perfection they didn't realize what prize they were trying to win. In Valedictorians at the Gate, Sabky looks beyond the smoke and mirrors of the admissions gauntlet and places the power firmly where it should be: in the hands of the students themselves. Offering prescriptive, actionable advice for applicants and their mentors, Valedictorians at the Gate is the needed tonic for overstressed, overworked, and overwhelmed students on their way to the perfect college for them." -- page [4] of cover

Two College Essays Burns Road Press

A Black mother bumps up against the limits of everything she thought she believed--about science and medicine, about motherhood, and about her faith--in search of the truth about her son. "The memoir dedicates important space to the numbing bureaucracy that often accompanies medical visits, particularly as seen through the eyes of a Black woman in the South. Having moved often within White neighborhoods and educational institutions around her home in Charlottesville, Harris is unflinching about her periodic unease in those quarters. . . Harris also brings humor to bear in moments of great adversity."--Karen Iris Tucker, Washington Post One morning, Tophs, Taylor Harris's round-cheeked, lively twenty-two-month-old, wakes up listless, only lifting his head to gulp down water. She rushes Tophs to the doctor, ignoring the part of herself, trained by years of therapy for generalized anxiety disorder, that tries to whisper that she's overreacting. But at the hospital, her maternal instincts are confirmed: something is wrong with her boy, and Taylor's life will never be the same. With every question the doctors answer about Tophs's increasingly troubling symptoms, more arise, and Taylor dives into the search for a diagnosis. She spends countless hours trying to navigate health and education systems that

can be hostile to Black mothers and children; at night she googles, prays, and interrogates her every action. Some days, her sweet, charismatic boy seems just fine; others, he struggles to answer simple questions. A long-awaited appointment with a geneticist ultimately reveals nothing about what's causing Tophs's drops in blood sugar, his processing delays--but it does reveal something unexpected about Taylor's own health. What if her son's challenges have saved her life? This Boy We Made is a stirring and radiantly written examination of the bond between mother and child, full of hard-won insights about fighting for and finding meaning when nothing goes as expected.

With Hey AdmissionsMom, Carolyn and the kids from r/ApplyingToCollege give you a place to stop trying to figure out what your top schools want in you and instead ask yourself, What do I want out of life when I leave high school? What do I see for myself? You're a talented, interesting student, and when you really know who you are, you're going to make the best decisions for yourself As a sophomore or junior entering the college admissions process, maybe you're overwhelmed by the paperwork, school descriptions, test score requirements, extracurricular activity options, and the daunting task of figuring it all out without losing yourself. Others of you already started the college admissions process and feel okay about your applications, but you're struggling with the personal statement or essays. Or, you want permission not to be a carbon copy of the ideal student and want out-of-the-box ways to be yourself, both in life and in the admissions process. And you're not just managing your expectations, but also your parents. College admissions can be especially intimidating if your high school sucks, you're first in your family to go to college, or you haven't always been a model student. You might also be a concerned parent or mentor looking for a guide designed not to stress you and your kid out and might even help with that as you learn the ropes of college

admissions. For all the times you or your high school student thought, "There has to be a better way," when you hear advice about high-performance, achievement, and crazy amounts of EC's (extracurriculars)... You were right. You just found it. Hey AdmissionsMom: Real Talk from Reddit In this refreshingly honest, irreverent digest of college admissions questions and answers from u/admissionsmom and the subreddit, r/ApplyingToCollege, you'll find 37 bite-sized chapters of practical information, inspiring personal stories, insider tips, and yes, we have to be honest about this here - the occasional swear word, too. The time is NOW for you to: Focus on who you are, what you want from life, and how college fits into your goals, not the reverse Write essays and personal statements that actually sound like you, the real you Stop being one of 50,000 students applying to the same 20 colleges Stay positive even if you're not valedictorian or you didn't cure cancer (nobody else has either -- yet) Find questions asked by students just like you, so you don't feel alone or like you're the only one who doesn't already have it all figured out Take a deep breath as you learn about mindfulness By the end of Hey AdmissionsMom: Real Talk from Reddit, you will have peeled back the layers of your authentic self and be able to appreciate your personality traits, interests, and talents as you breathe and apply to college with a smile.

A lush and vivid story steeped in Indian folklore and mythology, Roshani Chokshi's *The Star-touched Queen* is a novel that no reader will soon forget. An instant New York Times bestseller! Fate and fortune. Power and passion. What does it take to be the queen of a kingdom when you're only seventeen? Maya is cursed. With a horoscope that promises a marriage of Death and Destruction, she has earned only the scorn and fear of her father's kingdom. Content to follow more scholarly pursuits, her whole world is torn apart when her father, the Raja, arranges a wedding of political convenience to quell outside rebellions. Soon Maya becomes the queen of Akaran and wife of Amar. Neither roles are what she expected: As Akaran's queen, she finds her voice and power. As Amar's wife, she finds something else entirely: Compassion. Protection. Desire... But Akaran has its own secrets -- thousands of locked doors, gardens of glass, and a tree that bears memories instead of fruit. Soon, Maya suspects her life is in danger. Yet who, besides her husband, can she trust? With the fate of the human and Otherworldly realms hanging

in the balance, Maya must unravel an ancient mystery that spans reincarnated lives to save those she loves the most... including herself.

Critical Passages Chronicle Books

In 1603, James VI of Scotland ascended the English throne, becoming James I of England. London was alive with an interest in all things Scottish, and Shakespeare turned to Scottish history for material. He found a spectacle of violence and stories of traitors advised by witches and wizards, echoing James's belief in a connection between treason and witchcraft. In depicting a man who murders to become king, *Macbeth* teases us with huge questions. Is *Macbeth* tempted by fate, or by his or his wife's ambition? Why does their success turn to ashes? Like other plays, *Macbeth* speaks to each generation. Its story was once seen as that of a hero who commits an evil act and pays an enormous price. Recently, it has been applied to nations that overreach themselves and to modern alienation. The line is blurred between *Macbeth*'s evil and his opponents' good, and there are new attitudes toward both witchcraft and gender.

Crack the code to college admissions and help students craft the ultimate statement of self-identity and get into their school of choice with this groundbreaking guide from America's College Counselor. On average, an admissions committee takes seconds to decide whether to admit a student. They must sum up the student in one sentence that will tell them if a student is going to be a good fit for their program. What is the best way to transform this admissions process from a stressful, pressure-cooker arms race into an empowering journey that paves the way to the best individual outcome? Written by a college admissions insider turned consultant, Soundbite guides parents and students through the admissions process from start to finish. Armed with her knowledge of how the system works, Sara Harberson shares tried-

and-tested exercises that have helped thousands of students gain admission to their school of choice. The soundbite, her signature tool, presents an opportunity for students to take the reins to craft their ultimate statement of self-identity and formulate their own personal definition of what is best. With this soundbite in place as their foundation, students achieve maximum impact when they present themselves to colleges. In doing so, the tables are turned: the student's fate no longer rests on a soundbite composed by an admissions officer. Instead, the student employs their own soundbite to define themselves on their own terms. Soundbite shifts the way we talk about the admissions process—from "Getting You In" to "Getting the Best You In."

Wolf Walker (the hero of Stern's previous novel *The Suicide Academy*) is now an ethical adviser to the Lester & French Advertising Agency. He survives in a mad world - a few years into the future - where the Pope has resigned, the Chateau Wars are

raging in Europe, and the thousands of hunger strikes ravage the streets of America's cities. Convinced that his faulty memory is a kind of continuing suicide, Wolf sets out to recover a past for himself that will redeem his present. On his fortieth birthday, he searches out and confronts the dramatis personae of his life and forces them into wild, funny, and touching reconstructions: an experiment in combining life and art. *The Rose Rabbi* is a dramatic and comic meditation on the nature of art and the struggle between ethical life and raw daily experience.

AN INSTANT NEW YORK TIMES BESTSELLER First in a "wildly inventive and wildly representative" (The New York Times Book Review) historical fantasy series, Roshani Chokshi's *The Gilded Wolves* follows the exploits of a found family—six societal outcasts tasked with stealing a powerful artifact that can alter their lives for the better, but at the cost of breaking the world. All eyes are on Paris where the Exposition Universelle World Fair is to be held. Hidden among the technological marvels and artistic creations on display is an item of unimaginable power—a Babel fragment that would enable those who wield it with magical Forging abilities over nature's elements. Séverin Montagnet-Alarie's birthright was stolen from him. Now, to reclaim his rightful place among France's elite, he must obtain the Babel fragment for the Order. It is a heist that will require the ingenuity and skills of those with nothing to lose and everything to gain: Enrique, a gifted historian and wordsmith, caught between two worlds; Zofia, a brilliant Forging artist and engineer, separated from her family; Hypnos, a rival aristocrat who needs an ally among the Order; Tristan, an extraordinary Forger raised at Séverin's side, loyal to his adopted brother's quest; and Laila, the mysterious dancer and espionage artist who stole Séverin's heart in a moment of vulnerability he couldn't afford. But as the dangerous risks of their escapade surge, Séverin finds himself torn between his desire for revenge against all those who wronged him and the people he's deliberately placing in harm's way—including the woman he loves and fears to lose...
