Two single parents and three adorable kids are about to have a summer they'll never forget in this sexy, heartwarming new novel of the New York Times bestselling series. Following the sudden death of his wife, Nathan Bell spent nearly two years burying himself in work and neglecting his biggest responsibility: his daughter. Overcome with guilt, he wants to connect with little Marley, but he doesn't know how to do it alone. And then Jenna Savage throws him a lifeline. A single mum of

twins, Jenna is more than capable of taking care of Nathan's adorable two-year-old and wants to help Nathan however she can. As the days go by and her attraction to Nathan grows, she can't help wondering what might happen if they became a family for real. And the closer everyone becomes, the more right it feels. Falling in love forces Nathan to face his biggest fear, and when hearts - both big and little - are on the line, the only thing scarier than needing Jenna and her kids so much is losing them all.  " We were all heading for each other on a collision course, no matter what. Maybe some people are just meant to be in the same story. " At first, Jude and her twin brother are Noah and Jude; inseparable. Noah draws constantly and is falling in love with the charismatic boy next door, while daredevil Jude wears red lipstick, cliff-dives, and does all the talking for both of them. Years later, they are barely speaking. Something has happened to change the twins in different yet equally devastating ways . . . but then Jude meets an intriguing, irresistible boy and a mysterious new mentor. The early years are Noah ' s to tell; the later years are Jude ' s. But they each have only half the story, and if they can only find their way back to one another, they ' ll have a chance to remake their world. From the acclaimed author of *The Sky Is Everywhere*, this exhilarating novel will leave you breathless and teary and laughing—often all at once.

Einstein's Riddle Sourcebooks, Inc.

A unique compilation of logical teasers and lateral-thinking problems designed to stretch your brainpower and strengthen your mind. Riddles, paradoxes, and conundrums have been confusing and confounding people since at least the time of the Ancient Greeks. The eponymous riddle, according to legend, was devised by Albert Einstein as a child. He claimed that only about 2% of the population would be able to work out the correct answer. There are no tricks and there is only one answer. It requires the cool application of logic to solve. And a lot of patience. Einstein's Riddle features fifty of the toughest logic problems, lateral thinking puzzles, and tests of mental agility. By turns entertaining and infuriating, the puzzles challenge our preconceptions, tell us about how we reason, and provide a rigorous intellectual workout.
