We've all been there, staring at the paper, wondering what it means, and if we'll get extra marks for a funny answer or just pelters and an 'F' for F'un Eejit-Heid Failure. F'un Exams is a hilarious collation of exam answers that most of us would have liked to have made, just for the hell of it. In Home Ec, for instance, the question, 'Name three typical Scottish dishes' got the answer, 'A cup, a plate, and a wee saucer with a chip out of it.' Was that you? So reminisce, step back into the exam hall, and have a laugh at the true and allegedly true howlers in F'un Exams. And if it wasn't you that gave these answers, you'll wish it was.

My dog likes to disco on TikTok for fun. He'd rather start dancing than go for a run... Former Children's Poet Laureate Kenn Nesbitt, possibly the funniest poet ever to wield a pen, is back with more of the impossible poems, outrageous rhymes, and absurd wordplay that kids can't stop reading. My Dog Likes to Disco unleashes seventy new poems about disco-dancing dogs, invisible kids, misbehaving phones, preposterous people, and much, much more. From the creator of the world's most popular poetry website for children, poetry4kids.com, My Dog Likes to Disco includes many of the most popular poems Kenn Nesbitt has ever written, including "I Made a Meme this Morning," "My Flat Cat," and "Our Dog's Name is Roomba." Reviews Irrepressible, unpredictable, and raucously popular children's poet Kenn Nesbitt was spawned in the same cracked petri dish as Jack Prelutsky, to whom he is the natural heir. (J. Patrick Lewis, US Children's Poet Laureate, author of Please Bury Me in the Library) Kenn Nesbitt wrote a book of poems A funny one I think. And though it's colored black and white Watch it tickle you PINK! (Douglas Florian, author and illustrator of Comets, Stars, the Moon, and Mars: Space Poems and Paintings) Kenn Nesbitt's brain is the clown car of children's poetry. I don't know how they all fit in there, but they keep tumbling out, one after another, each one funnier than the one before it. (Eric Ode, poet and songwriter. Author of When You're a Pirate Dog and Other Pirate Poems) Fans of Kenn Nesbitt will gobble up this new offering, which combines his infallible command of rhyme scheme with the hilarious-yet oddly contemplative-wisdom of a child pondering the world. (Joyce Sidman, author of Swirl by Swirl: Spirals in Nature)

The No Child Left Behind legislation, by legitimizing a stark, one-size-fits-all, industrial model of education, has denied the inherent complexity and richness of what teachers do. Discussing teaching in terms of Chaos Theory, Chapin explains that while excellent teaching may occur at the edge of chaos, it is not chaotic. There are patterns common to master teachers that connect the components of effective teaching to give meaning and stability to the classroom, allowing master teachers to get up morning

after morning, and make a genuine, positive difference in students' lives. Master Teachers presents teaching as a complex, adaptive exercise undertaken at the edge of chaos where creativity and invention are maximized.
