Against the backdrop of his most haunting, high-profile murder and child abuse cases, a veteran prosecutor goes beyond an insider's reflection to

shine a light on the humanlike qualities personified in the U.S. criminal justice system and what this means for our future. *The Humanity of Justice* is a procedural true-crime book told through the eyes and heart of a veteran criminal prosecutor who cares about the people he meets and their life-altering circumstances. Burke E. Strunsky, a senior deputy district attorney in southern California, takes the reader inside the courtroom for some of the most haunting criminal cases in the state as well as the nation, including: a highly respected church leader who brutally murders his wife for the insurance money while their baby sleeps peacefully in another room; a twisted father who sexually molests his daughter's own friends at her slumber parties; a former police chief who drowns his wife of thirty years in their backyard spa; and a young man who sadistically tortures and kills a helpless three-year-old boy, yet manages to dodge the death penalty. Strunsky's own impassioned social and moral commentary is woven throughout this thought-provoking book on issues significant to the world of criminal justice. Even in the midst of the darkest stories, the voices and courage of the victims and those who love them will leave the reader touched and inspired. 100% of the proceeds from this book will be donated to The Humanity of Justice Foundation, a non-profit organization, to help prevent child abuse and neglect.

EXAMS! Just the word is enough to bring you out in a muck sweat. We've all been there, staring at the paper, wondering what it means, and if we'll get extra marks for a funny answer or just pelters and an 'F' for F'un Eejit-Heid Failure. *F'un Exams* is a hilarious collation of exam answers that most of us would have liked to have made, just for the hell of it. In Home Ec, for instance, the question, 'Name three typical Scottish dishes' got the answer, 'A cup, a plate, and a wee saucer with a chip out of it.' Was that you? So reminisce, step back into the exam hall, and have a laugh at the true and allegedly true howlers in *F'un Exams*. And if it wasn't you that gave these answers, you'll wish it was.

From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called “the Dear Abby of the work world.”

Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager “A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers’

lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green’s Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together* **Smiley Shark** Chronicle Books

Exceptional education, also known as special education, is often grounded within exclusive and deficit mindsets and practices. Research has shown perpetual challenges with disproportionate identification of culturally and linguistically diverse students, especially Black and Indigenous students. Research has also shown perpetual use of inappropriate placement in more restrictive

learning environments for marginalized students, often starting in Pre-K. Exceptional education practitioners often engage in practices that place disability before ability in instruction, behavior management, identification and use of related services, and educational setting placement decisions. These practices, among others, have resulted in a crippled system that situates students with exceptionalities in perceptions of deviance, ineptitude, and perpetuate systemic oppression. *The Handbook of Research on Challenging Deficit Thinking for Exceptional Education Improvement* unites current theory and practices to communicate the next steps to end the current harmful practices and experiences of exceptional students through critical analysis of current practices, mindsets, and policies. With the information this book provides, practitioners have the power to implement direct and explicit actions across levels to end the harm and liberate our most vulnerable populations. Covering topics such as accelerated learning, educator preparation programs, and intersectional perspectives, this book is a dynamic

resource for teachers in exceptional education, general teachers, social workers, psychologists, educational leaders, organizational leaders, the criminal justice system, law enforcement agencies, government agencies, policymakers, curriculum designers, testing companies, current educational practitioners, administrators, post-grad students, professors, researchers, and academicians. **CLEP.** Vintage
