Equips parents to teach their children how to make sexuality a safe, healthy, and sacred part of their lives. How parents address sex—their openness, the context, and their attitudes—will impact how their children view their own sexuality and self-worth. Dr. Chirban helps parents know when, how, and how much, and stresses the vital importance of their role in sex education. He uses humor, compassion, and real-life examples to prepare parents for healthy and ongoing conversations that equips their kids to own their own sexuality and provide an understanding of the larger issues of relationships, love, commitment, and intimacy. In addition, parents discover how helping their children grasp these veiled yet critical keys to a fulfilling life deepens their own connection with their children. With specific helps for children from birth through young adult, Dr. Chirban provides context for what needs to be communicated at each stage of their development as well as tips for the inevitable surprise questions. In addition, he tackles complicated issues such as pornography, relationships and the Internet, sexting, and homosexuality. Most important is the emphasis on strong family values and spirituality as it relates to sexuality. Previously released in 2007 as *What's Love Got to Do With It?*, this revised book adds new insights from today's culture that make it even more relevant to parents and families.

201 Questions to Ask Your Kids Do you have trouble talking to your kids? Does a successful conversation with your child consist of one-word responses or abrupt physical acknowledgments? Does your son or daughter get upset at the most innocent questions? Join the club. Unfortunately, communicating well with kids is something every parent desires but few achieve. We love our children, but talking to them in a meaningful manner isn't always easy. The questions in this book are designed to help. No matter what age or sex your children, no matter how many children you have, no matter how good or bad your current parent/child relationship, this simple "game" will get your family talking more. And when you're talking--really talking about emotions and fears and attitudes--you'll be learning about each other as individuals and growing closer together as a group. An Introduction For Kids Wouldn't it be fun to find out more about what your father or mother was like when he or she was a kid? Or get to tell your parents which of their friends you think looks dorkiest? Wouldn't conversation be more interesting if you and your family traded unexpected questions and answers at dinner rather than just talked about what homework did or didn't get done? There are a lot of great things to talk about that no one ever brings up because we usually think conversation is serious rather than a way of being playful. Of course, conversation should be about serious things some of the time--some of the questions in this book are about very serious topics. But other times, questions should be asked just to create new ways to think about things, look back on our lives, or imagine what life would be like if we could design in any way we wanted. In fact, I wrote this book because I think talking can be terrific fun, and even talking to your parents and brothers or sisters can be a kind of great game. Everyone can get to know each other and laugh a lot--and be amazed from time to time. No one wins or loses, but there is an element of surprise in finding out personal information about parents--and sharing some of your ideas, daydreams, and opinions with them. My idea is to think of some of the world's most interesting questions that parents and kids could talk about and give everyone the chance to pick the ones they'd like to hear about. Each person picks a question to ask and then answers a question when his or her turn comes around. All you have to do is choose from the list under 201 Questions to Ask Your Parents and ask any question you want. Your parents can take as long or as short a time they want to answer. Any you can all discuss the topic if you like. But then they go into their section of the book and ask you questions. Some of them might not be so interesting, but others--like asking you who is the meanest kid you know--might be cool to think about and share with them. They'll learn a lot about what you think are ways kids act nasty! You can wiggle out of any two questions that don't interest you or are embarrassing--but no more than that. It's good if a question makes you squirm a little; that means you either haven't thought about it before, or you have but you haven't wanted to deal with it. But why not try out and answer? Pick a set length of time to play for--and my guess is you'll want to extend it. These questions get addictive! You can play them at the dinner table, or after dinner, or on a car trip, or anytime you feel like hearing what your parents say about something. So, this is a

book about how to have interesting and often funny conversations with your family. It's a way to avoid dead, boring silences and fill the time instead with questions and answers that everyone will enjoy thinking about. I know that in my family, it is too easy for us to get stuck talking about practical things like who has to be taken where the next day. That isn't particularly fun. It doesn't let me in on what my kids are thinking, and it doesn't help my two teenagers learn things that might help them understand me a little better. An ingenious book that speaks to both parents and their kids. 201 QUESTIONS TO ASK YOUR KIDS/201 QUESTIONS TO ASK YOUR PARENTS is two books in one. Open it from one side, and it provides parents with 201 questions for their children intended to spark discussion, help reveal who their children really are, and help children think about themselves and the world in new and useful ways. Turn it over, and there are 201 questions children can ask back to their parents. Devised as an interactive "game," this is a book that can get any family talking--really talking about facts and fears and attitudes. In this collection of essays, Rob J. Quinn offers insights on his own experiences as a man living with cerebral palsy and challenges the perceptions of people with disabilities offered by the able-bodied world. Many of the pieces are meant to give teens and young adults living with physical disabilities a new perspective on some of the issues they are dealing with in their daily lives. Quinn tackles topics such as going to school, physical therapy, dealing with the isolation that people with disabilities can experience, and pushing the limits of the physical abilities people possess despite a disability. *I'm Not Here to Inspire You* is intended as a positive, yet honest look at aspects of living with a physical disability. After reading several essays from Quinn, Philadelphia Inquirer columnist Daniel Rubin wrote that the writer "chronicles his life unflinchingly."

Get ready for giggles! The silliest (and cutest) questions that have actually been asked by kids are finally answered! In this hilarious book of factual nonsense, the thought provoking questions that kids ask (and want answers to) are given center stage. What are the things kids REALLY want to know about? What scares them or just doesn't make sense? There's nothing like the imagination of children. But be warned! Farts, butts, and poo are involved. These are real questions asked by real kids...so OF COURSE THEY ARE! My dreams are so crazy! What do they mean? Could a snake REALLY bite me on the butt from the toilet? Why do I have two eyes if I only see one thing? If a cat had pockets, what would you find in there? Who in the world invented homework? Were they the worst inventor ever? If you drink while peeing...will you just keep peeing until you stop drinking? Are adults really that smart The answers to these questions and more are explored with fun illustrations and rhyme. This book is a guaranteed crowd pleaser and sure to lead to lots of silly giggles! This book is dedicated to the curiosity of children everywhere and the exciting (and sometimes silly) exploration of the world around us. Makes a GREAT gift for the curious, funny kid in your life!

Based on the hit Instagram @LivefromSnackTime, here are irresistible quotes from the elementary school classroom that prove kids really do say the darndest things--and even more so when their parents aren't around. NYC school teacher Alyssa Cowit was so surprised by the funny things her students would say that she started an Instagram account to chronicle them. From friends, siblings, and pets to lying, love, and homework, the wisdom and witticisms on Live from Snack Time have been picked up by Today, Huffington Post, Good Housekeeping, BuzzFeed, and more. Now, Cowit collects her favorites plus never-before-seen ones in a sweet gift that celebrates the innocent (and sometimes not-so-innocent) revelations of children.
