book from the acclaimed author of Chilean Poet "Dazzling . . . a work of parody, but also of poetry." —The New York Times Book Review NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR, THE GUARDIAN, AND THE IRISH TIMES “ Latin America ’ s new literary star ” (The New Yorker), Alejandro Zambra is celebrated around the world for his strikingly original, slyly funny, daringly unconventional fiction. Now, at the height of his powers, Zambra returns with his most audaciously brilliant book yet. Written in the form of a standardized test, Multiple Choice invites the reader to respond to virtuoso language exercises and short narrative passages through multiple-choice questions that are thought-provoking, usually

unanswerable, and often absurd. It offers a new kind of reading experience, one in which the reader participates directly in the creation of meaning, and the nature of storytelling itself is called into question. At once funny, poignant, and political, Multiple Choice is about love and family, authoritarianism and its legacies, and the conviction that, rather than learning to think for ourselves, we are trained to obey and repeat. Serious in its literary ambition and playful in its execution, it confirms Alejandro Zambra as one of the most important writers working in any language.

This book examines the ways in which contemporary works of black satire make black racial madness legible in ways that allow us to see the connections between suffering from racism and suffering from mental illness. Showing how an understanding of racism as a root cause of mental and emotional instability complicates the ways in which we think about racialized identity formation and the limits of socially accepted definitions of (in)sanity, it concentrates on the unique ability of the genre of black satire to make

knowable not only general qualities of mental illness that are so often feared or ignored, but also how structures of racism contribute a specific dimension to how we understand the different ways in which people of color, especially black people, experience and integrate mental instability into their own understandings of subjecthood. Drawing on theories from ethnic studies, popular culture studies, cultural studies, psychoanalysis, and trauma theory to offer critical textual analyses of five different instances of new millennial black satire in television, film, and literature – the television show Chappelle 's Show, the Spike Lee film Bamboozled, the novel The White Boy Shuffle by Paul

---

Beatty, the novels *Erasure* and *I Am Not Sidney Poitier* by Percival Everett, and the television show *Key & Peele* – *Crazy Funny* presents an account of the ways in which contemporary black satire rejects the boundaries between sanity and insanity as a way to animate the varied dimensions of being a racialized subject in a racist society.

Gordon "Whitey" Mitchell was at the heart of show business as a top jazz musician/studio player. In a mid-life career change, he found success as a screenwriter of theatrical films, television pilots, and hundreds of classic American tv sitcoms, such as *Get Smart*, *All in the Family*, *The Jeffersons*, *Mork & Mindy*, and others. He laughed, scratched, and stumbled his way through both careers and rubbed shoulders with the biggest names in the business—and managed to remain completely anonymous. Take a fast paced trip through his childhood, college, and the US Army, and then ride a roller coaster through the world of professional music, recording sessions, and bebop gigs with the world 's greatest jazz musicians. Ride broadcast waves back into the 1970s and his creation of 24-minute tv episode scripts under the constraints of higher ups and their whims of

misjudgment. "I'd have to say this is a very entertaining book, even if he didn't mention my name fourteen times." – Norman Lear, producer-writer "Whitey Mitchell is a fine bass player. He plays in tune, keeps immaculate time and knows the bridge to ' Sophisticated Lady. ' He is also a writer who tells his stories with wit and style. His book is a pleasure to read." – Andre Previn, composer-conductor-pianist "Whitey Mitchell is an extraordinary musician and a brilliant writer. But what he doesn't realize is that he's a magician. His life is magic. I read [the book] in one engrossing night. Couldn't put it down." – Mort Lachman, producer-writer for Bob Hope "If I'd known that Whitey Mitchell was this funny, I would have given him more scripts to write." – Bill Asher, producer-director of *I Love Lucy* and *Bewitched* " Mitchell knows everybody, tells all, makes it fun to remember the " Good Times " in our collective TV memory. - Jeff Barr, L.A. Jazz Gordon Mitchell, known to jazz fans as " Whitey " , to

---

distinguish himself from his late brother “ Red ” Mitchell, became an outstanding jazz bassist in New York, in the early ‘ 50s, and continued a multifaceted career in jazz music for many years. But, heading West to see “ Red ” in the early ‘ 70s, Whitey found another calling, Hollywood Screen Writer! He contributed scripts to many hit shows, rose to supervisor of production, and became a top level television writer for such shows as “ Mork and Mindy ” , “ The Jeffersons ” , “ Get Smart ” and “ The Bob Hope Show, ” to name but a few. This book is a stimulating read, full of laughs and insights into the world on and behind the bandstand, and what used to be called “ the small screen ” . Mitchell takes the reader on a fast paced trip through his childhood through college and the army, and into professional music, the world of record sessions and bebop gigs with the world ’ s greatest jazz musicians, with plenty of insights into what makes up the characters of jazzmen. Particular

amusement can be gained from the author ’ s experiences playing for the country club sets in the orchestra(s) of Lester Lanin, whom Mitchell playfully refers to as “ Julius Martinet ” . The book spends at least half its 250 + pages (with lots of great photos), about the life of Gordon Mitchell, the television writer-producer. The reader learns a great deal about what goes into those 24 minute scripts, that were so popular in the ‘ 70s. What fascinates most is the exposure of the hierarchy of TV production, in all its crass, populist glory; who makes the decision to dump a great joke, or how a “ suit ” in the higher ups, can diminish the carefully crafted role of a character in a script, on a whim of misjudgment. Mitchell knows everybody, tells all, makes it fun to remember the “ Good Times ” in our collective TV memory. - Jeff Barr, L.A. Jazz Newspaper
