When Charlie discovered that he was not going to become rich working at a Seattle dot-com company,

he decided he needed a fresh challenge, and his wife Kathy knew just what to do: move away from the land of rain and lattes back to her home state of Michigan. Charlie agreed, and off they went. But it wasn't easy. New family, new work, and new surroundings confused and delighted Charlie, and to cope with it all he began to write letters to friends back home. That's where *Burning Embers* started, and from there it grew into a collection of comic and sometimes poignant stories of a husband and wife trying to make a marriage, career, and life together. Come join Charlie and Kathy in these pages. Bring a latte (they have those in Michigan now, thank God) and get a ready to laugh. CHARLIE CLOSE is a man of many talents, most of which will not be demonstrated in this book. He is midway through a career in the information technology industry where he was promoted to regional manager, a position he held for one day. He worked in a Pacific Northwest dot-com company for which he did not make millions of dollars from stock options, and moved to the Midwest shortly after the company was defeated in the marketplace by its main competitor. Other notable accomplishments include tenure as the drummer for a Seattle grunge band that never had a name and performed only once outside the guitarist's basement, as well as authorship of two award winning poems not printed here. He has held a Super Bowl ring in the palm of his hand, although not one belonging to a player you would have heard of. Charlie lives with his wife Kathy in southeastern Michigan.

Hart. Get the first four Misadventures for one low price! Includes: Book 1: Skeletons in the Closet Murder, mayhem, meet your match! Maggie Phillips hasn't had it easy. As the wife of retired Navy SEAL, and the adoptive mother of two little hellions, Maggie is constantly looking for ways to improve her family's financial situation. She accepts a cleaning position for her new neighbors (who redefine the term 'eccentric'), never imagining she will end up as the sole alibi for a man with a fascination for medieval torture devices when he is brought up on murder charges. While Maggie struggles to prove the man's innocence, her deadbeat brother arrives, determined to sell Maggie and Neil on his next great scheme and to mooch with a vengeance. If that isn't bad enough, her in-laws, (the cut-throat corporate attorneys) descend on the house, armed with disapproval and condemnation, for the family's annual Thanksgiving celebration. As the police investigation intensifies, Maggie searches for the killer among the upper echelon of Hudson, Massachusetts in the only way she can-- by scrubbing their thrones. Of the porcelain variety, that is... Book 2: Swept Under the Rug Crime and grime are everywhere, at least in Maggie Phillips' opinion. Deep in the throes of a New England winter, Maggie's still adjusting to her new role as confidential informant for the Hudson Police Department. When a suspicious fax is sent to one of her new clients, Maggie is sure she's unearthed a conspiracy. With no crime to investigate, however, the Hudson P.D. can do nothing--that is until a wealthy trophy wife disappears and the FBI is called in to the hunt. On the home front, her twelve-year-old son is growing up way too fast, while her brother is back with a few surprises destined to wreak havoc on the household. To frost the whole crappy cake, her best friend's marriage is falling apart, which leaves Maggie worrying over her own. All of the family drama is put into perspective, however, when Maggie is arrested for kidnapping and blackmail. Between economic woes and a now tarnished reputation, Maggie is in way over her head. Yet out of the ashes of frustration and failure, something great might emerge. If she survives the birthing process that is.... Book 3: All Washed Up When Maggie's mother-in-law asks her to assist with renovations to their project house in upstate New York, she smells a rat. But both Neil and Sylvia are eager to undertake the zany task and really, what else does she have to do? How about solve a two decade old murder, find a few long lost relatives, fix her mental hang-ups and reconnect with the husband she's pushed away. And if she has any time to spare, maybe she can even survive a pissed-off apparition and keep it from finishing the job the last two killers started Third time's the charm...right? Book 4: Hung Out to Dry After a year in Hudson, Maggie Phillips—A.K.A the laundry hag—is sure she's seen all the small Massachusetts town has to offer. Of course that's until her newest client turns out to be psychic who's inherited a massive estate from her recently deceased grandfather, much to the displeasure of the rest of the family. Maggie soon suspects that what everyone believed was death by natural causes might've been a well-planned murder. Never fear, Maggie, her sexy Navy SEAL and the rest of the cleaning crew are on the case. Are the relations responsible for terrorizing the timid soothsayer and how far will they go to reclaim one percenter status? One thing's for sure, the laundry hag never saw this kerfuffle coming....
