Physics Day 4 G Force Forces

that are experienced while on the rides can be measured with a G Force Meter. When standing still on the surface of the earth or traveling at a constant speed in a straight line, the G Force is 1. This is called 1 “g.” If riders are accelerating, then they will experience a G Force other than 1.

TEACHER MANUAL - Six Flags

If Sir Isaac Newton were alive today, we’re pretty sure he would sign off on a physics class field trip to Valleyfair. As a renowned scientist credited with many physics principles we follow today, he would know that an innovative – and

totally fun – way to demonstrate a ride is in motion, etc. – all the science that deals with matter, energy, motion and force is a modern-day roller coaster.
