WONDER IS NOW A MAJOR MOTION PICTURE STARRING JULIA ROBERTS AND JACOB TREMBLAY! Over 6 million people have read the #1 New York Times bestseller Wonder—the book that inspired the Choose Kind movement—and have fallen in love with Auggie Pullman, an ordinary boy with an extraordinary face. Last year readers were given a special look at another side of his story with The Julian Chapter, and now they'll get a peek at Auggie's life before Beecher Prep, with an exclusive new short story told entirely from the point of view of Christopher, Auggie's oldest friend. Christopher was Auggie's best friend from the time they were babies until his family moved away; he was there through all of Auggie's surgeries and heartbreaks, through bad times and good—like Star Wars marathons and dreams of traveling to Pluto together. Alternating between childhood flashbacks and the present day, an especially bad day for Christopher, Pluto is the story of two boys grown apart learning that good friendships are worth a little extra effort.

The internet is the place where all these cultural products are stored, classified, voted, collected and trashed. What is the impact of this process on art making and on the artist? Which kind of dialogue is going on between amateur practices and codified languages? How does art respond to the society of information? This is a book about endless archives, image collections, bees plundering from flower to flower and hunters crawling through the online wilderness. This exciting adventure story follows a family of slaves in the USA in 1860 as they escape from a cotton plantation via the legendary

Underground Railroad. An enthralling story of courage and resilience, centring on 10-year-old Tommy, it will fascinate children who might not know much about this secret escape route into Canada that was used by as many as 100,000 people. Ten-year-old Tommy roams the cotton fields of Alabama owned by the notorious Captain Archer. Intimidating guards with fierce dogs protect the land to prevent any slaves from leaving. That is until a supernatural spirit visits Tommy offering a way out. With his banjo slung over his shoulder, Peg Leg Joe guides Tommy, his family and other slaves out of Southern USA, and into Canada through the legendary Underground Railroads. Stretched for miles across the country's vastness, the network famously facilitated more than 100,000 slaves to a new life. For Tommy and his family, the escape is far from an easy ride. The young boy is forced to mature through this testing period and allow his strong will to guide himself and others to safety under the guidance of Peg Leg Joe. Set in the 19th century, D'Adamo's well-constructed novel tells a story distant in time, remains grounded in a reality that still exists today. Millions of people across the globe continue to be enslaved, including children.

L' emigrazione è una fuga dolorosa e atroce, un folle atto di sradicamento, un movimento contrario al normale corso che la vita di un numero sempre maggiore di persone dovrebbe invece seguire. Giovanni Greci, con la sua analisi precisa, ci porta con sé alla scoperta della vasta letteratura per ragazzi che ha l' emigrazione e tutto ciò che ruota intorno ad essa come tema centrale. Ci consente così di conoscere chi l' ha affrontata in prima persona, che siano personaggi reali o romanziati, e le svariate vicende generatesi in quei contesti. Ai lettori sembrerà di viaggiare verso l' America con una sacca piena di speranza e voglia di riscatto, poi si sentiranno travolti dalle masse in viaggio dal Sud al Nord del mondo per cambiare la propria vita, soffriranno insieme a chi è troppo piccolo per immaginare di intraprendere un viaggio di fuga dal proprio Paese, eppure lo deve fare come unica possibilità di salvezza. Attraverso queste e moltissime altre traiettorie ed emozioni, l' autore traccia una mappa letteraria completa, da sottoporre ai più giovani come metodo di comprensione e sensibilizzazione che apre gli occhi sul mondo e fa riflettere sul passato, ma anche su un presente migratorio sempre più drammatico. Giovanni Greci è stato responsabile della Biblioteca " C.Pavese " di Parma dal 1985 al 2018. Ha pubblicato diverse opere ed articoli (Giunti; Diabasis; Ediz. Junior et al.), tenuto conferenze in Italia e all' estero e organizzato convegni e corsi di formazione e aggiornamento sulla letteratura per ragazzi. Ha altresì pubblicato opere sulla sua ricerca fotografica (Silvana Editoriale; Edicta et al.) oltre ad aver esposto in diverse gallerie in Italia, in altri paesi europei, in Messico e negli USA.

Elyse has done everything she can to protect her friends from The Council's reach. As long as they believe she's dead, she has time to rest and train for war. And war is inevitable. When Kara arrives with the news that Anna and Chloe have been captured, Elyse is faced with the realization that no one is safe until The Council is stopped and Christoph is destroyed. It will take more than the words of an oracle to help them fight against the most powerful Descendant alive. The Unadoptables Yearling

"Cukier and his co-authors have a more ambitious project than Kahneman and Harari. They don't want to just point out how powerfully we are influenced by our perspectives and prejudices—our frames. They want to show us that these frames are tools, and that we can optimise their use." —Forbes From pandemics to populism, AI to ISIS, wealth inequity to climate change, humanity faces unprecedented challenges that threaten our very existence. The essential tool that will enable humanity to find the best way forward is defined in Frames by internationally renowned authors Kenneth Cukier, Viktor Mayer-Schönerberger, and Francis de Véricourt. To frame is to make a mental model that enables us to make sense of new situations. Frames guide the decisions we make and the results we attain. People have long focused on traits like memory and reasoning, leaving framing all but ignored. But with computers becoming better at some of those cognitive tasks, framing stands out as a critical function—and only humans can do it. This book is the first guide to mastering this human ability. Illustrating their case with compelling examples and the latest research, authors Cukier, Mayer-Schönerberger, and de Véricourt examine:

- Why advice to "think outside the box" is useless
- How Spotify beat Apple by reframing music as an experience
- How the #MeToo twitter hashtag reframed the perception of sexual assault
- The disaster of framing Covid-19 as equivalent to seasonal flu, and how framing it akin to SARS delivered New Zealand from the pandemic

Frames shows how framing is not just a way to improve how we make decisions in the era of algorithms—but why it will be a matter of survival for humanity in a time of societal upheaval and machine prosperity.

Un thriller tra le macerie della Seconda guerra mondiale in cui nulla è dato per scontato; un gioco di specchi orchestrato come nelle migliori spy story Sarajevo, 1943. Mentre la Jugoslavia è

dilaniata dalla guerra, una giovane e bellissima fotografa vera e propria eroina per il suo popolo e un ufficiale tedesco vengono rinvenuti brutalmente assassinati. Assegnato al caso è il capitano dell'intelligence militare Gregor Reinhardt, già detective della polizia di Berlino, poi allontanato dai nazisti. Ossessionato dalle sue azioni di guerra e dagli errori compiuti lontano dal campo di battaglia, scopre ben presto che la sua indagine potrebbe riguardare molto più di un semplice doppio omicidio e che la donna tanto amata dal popolo jugoslavo potrebbe essere stata molto più brillante e infingarda di quanto volesse lasciare credere. Facendosi strada attraverso un campo minato di vendette politiche, militari, e personali, Reinhardt scopre che qualcuno sta lasciando una scia di cadaveri per coprire le proprie tracce. E proprio quelle tracce insanguinate porteranno l'ufficiale ad avvicinarsi troppo a un segreto nascosto tra le fila dei potenti, che faranno di tutto per mantenerlo tale. Ma in Reinhardt brilla ora una nuova determinazione, che credeva di avere perso per sempre; e il caso deve essere chiuso, a qualunque costo.

Il Pd è finito due volte fuorigioco. La prima volta perché ha rifiutato di accettare che una leadership forte è indispensabile per vincere. Ed è il miglior vaccino contro la degenerazione del partito personale. Ma la seconda, e più dura, sconfitta l'ha subita al proprio interno, dove il virus della personalizzazione si è diffuso nella sua variabile più letale: quella del microvoto e dei micronotabili. Intenti a combattere una battaglia di retroguardia contro il fantasma del leader, i Democratici sono rimasti impigliati nel ginepraio delle correnti. Cacciandosi in una strettoia dalla quale non sarà facile uscire.
