Alvin Toffler - Wikipedia
Future Shock is a 1970 book by the futurist Alvin Toffler, written together with his spouse Adelaide Farrell, in which the authors define the term "future shock" as a certain psychological state of individuals and entire societies. The shortest definition for the term in the book is a personal perception of "too much change in too short a period of time". The book, which became an international bestseller, grew out of an article "The Future as a Way of Life" in Horizon magazine, Summer 1965 issue

Future Shock by Alvin Toffler - Goodreads

Toffler coined the term "future shock" to refer to what happens to a society when change happens too fast, which results in social confusion and normal decision-making processes breaking down. The book has never been out of print and has been translated into dozens of languages. He continued the theme in *The Third Wave* in 1980. While he describes the first and second waves as the agricultural and industrial revolutions, the "third wave," a phrase he coined, represents the current information ...
