Michael Davies shows how Fr. Annibale Bugnini--before his dismissal by Pope Paul VI under suspicion of being a Freemason--was able to "reform" the Catholic Mass into the constantly evolving liturgy. Quoting Bishops and Cardinals as well as liberal "experts" and Protestant observers, he exposes the "time bombs" which were built into the Second Vatican Council's document on the liturgy by a few revolutionaries in order to be exploited later--and which have been detonating ever since. "I am convinced that the crisis in the Church that we are experiencing is to a large extent due to the disintegration of the liturgy."--Cardinal Ratzinger (now Pope Benedict XVI), 1998.

The New York Times, USA Today, Publishers Weekly, and Wall Street Journal Bestseller For those who witnessed the global collapse of socialism, its resurrection in the twenty-first century comes as a surprise, even a shock. How can socialism work now when it has never worked before? In this pathbreaking book, bestselling author Dinesh D'Souza argues that the socialism advanced today by the likes of Alexandria Ocasio-Cortez, Bernie Sanders, Ilhan Omar and Elizabeth Warren is very different from the socialism of Lenin, Mao and Castro. It is "identity socialism," a marriage between classic socialism and identity politics. Today's socialists claim to model themselves not on Mao's Great Leap Forward or even Venezuelan socialism but rather on the "socialism that works" in Scandinavian countries like Norway and Sweden. This is the new face of socialism that D'Souza confronts and decisively refutes with his trademark incisiveness, wit and originality. He shows how socialism abandoned the working class and found new recruits by drawing on the resentments of race, gender and sexual orientation. He reveals how it uses the Venezuelan, not the Scandinavian, formula. D'Souza chillingly documents the full range of lawless, gangster, and authoritarian tendencies that they have adopted. United States of Socialism is an informative, provocative and thrilling exposé not merely of the ideas but also the tactics of the socialist Left. In making the moral case for entrepreneurs and the free market, the author portrays President Trump as the exemplar of capitalism and also the most effective political leader of the battle against socialism. He shows how we can help Trump defeat the socialist menace.

NATIONAL BESTSELLER • In a dazzling work of historical fiction in the vein of Nancy Horan's *Loving Frank*, Dawn Tripp brings to life Georgia O'Keeffe, her love affair with photographer Alfred Stieglitz, and her quest to become an independent artist. This is not a love story. If it were, we would have the same story. But he has his, and I have mine. In 1916, Georgia O'Keeffe is a young, unknown art teacher when she travels to New York to meet Stieglitz, the famed photographer and art dealer, who has discovered O'Keeffe's work and exhibits it in his gallery. Their connection is instantaneous. O'Keeffe is quickly drawn into Stieglitz's sophisticated world, becoming his mistress, protégé, and muse, as their attraction deepens into an intense and tempestuous relationship and his photographs of her, both clothed and nude, create a sensation. Yet as her own creative force develops, Georgia begins to push back against what critics and others are saying about her and her art. And soon she must make difficult choices to live a life she believes in. A breathtaking work of the imagination, *Georgia* is the story of a passionate young woman, her search for love and artistic freedom, the sacrifices she will face, and the bold vision that will make her a legend. Praise for *Georgia* "Complex and original . . . Georgia conveys O'Keeffe's joys and disappointments, rendering both the woman and the artist with keenness and consideration."—The New York Times Book Review "As magical and provocative as O'Keeffe's lush paintings of flowers that upended the art world in the 1920s . . . Tripp inhabits Georgia's psyche so deeply that the reader can practically feel the paintbrush in hand as she creates her abstract paintings and New Mexico landscapes. . . . Evocative from the first page to the last, Tripp's *Georgia* is a romantic yet realistic exploration of the sacrifices one of the foremost artists of the twentieth century made for love."—USA Today "Sexually charged . . . insightful . . . Dawn Tripp humanizes an artist who is seen in biographies as more icon than woman. Her sensuous novel is as finely rendered as an O'Keeffe painting."—The Denver Post "A vivid work forged from the actual events of O'Keeffe's life . . . [Tripp] imbues the novel with a protagonist who forces the reader to consider the breadth of O'Keeffe's talent, business savvy, courage and wanderlust. . . . [She] is vividly alive as she grapples with success, fame, integrity, love and family."—Salon
