The Knowsys 600 GRE Vocabulary Flashcards will help you maximize your score on the GRE! Knowsys Vocab Flashcards will help you learn your vocabulary quickly and effectively in only a few minutes a day! To help you maximize your score, you need to know the words that are tested (and missed!) most frequently AND you need a way to master them as quickly and easily as possible. Fortunately for you, Knowsys has exactly what you need! Just the vital vocabulary words! Some GRE Vocab lists have 1000, 2000, or more words! Get real! Even if you looked at every single released GRE exam from the last 10 years, you would not find that many tested words all together. You have a limited amount of time, so you need to learn the words that you do not know that are tested most often. Knowsys gives you the 600 words that are frequently

tested and missed and ONLY those words! to take along and carry.

The Knowsys GRE Vocabulary Flashcards list is not padded with extra words that are obscure to rack up our numbers and waste your valuable study time and energy. We know that the best way to raise your score is to be prepared for what actually gets tested (doing anything else is like studying Calculus to prepare for an Algebra I exam . . . It just doesn't make sense!). The fastest way to learn! Knowsys groups the words into thematic categories to help you learn faster using synonym groups like "uncertainty" and "criticism" and "language." Not only does this method help you master the words faster, but it also helps you get the words into your long-term memory so you know them for the test, for your classes, for college, and for life! An efficient way to study! The Knowsys cards give you the control. You use Knowsys's proprietary Memory Box System to track your learning progress so that you only spend time working on words that you have not yet mastered.

Vocabulary Genius John Wiley & Sons REA's Interactive Flashcard books represent a novel approach which combines the merits of flash cards with the ease of using a book. One side of each page includes questions to be answered, with space for writing in one's answers — a feature not usually found on flash cards. The flip side of the same page contains the correct answers, much as flash cards do. English Vocabulary (Set #1) is fully indexed making it easy to locate topics for study. Thanks to the book form, there is no need to look for and fish out appropriate questions from a box and put them back in the proper order, and there is no need to carry around a box of 1,000 flash cards. The book is easier
