Gaggia Brera

Grab the coffee carafe from the coffee pot and fill it with water. Add the baking soda and swirl the powder around in the water until dissolved into equal parts. Pour the solution into the reserve tank and continue to make “coffee” as you usually would. Allow the solution to run through one cycle.

Gaggia Brera Descaling Solution

Pour the descaler solution into the water tank. Turn on your Gaggia coffee machine and switch on the pump for approximately 15 seconds to allow the solution to run through the brewing head and steam nozzle. Switch off your Gaggia coffee machine and leave for 20 minutes to allow the solution to work.

Amazon.com: gaggia descaling solution
Product description. Size: N/A. The Gaggia Decalcifier can be used to rid super and semi-automatic machines of scale buildup and calcium deposits. This safe and effective formula is officially approved by Gaggia for use with its espresso machines. The Gaggia Decalcifier comes in 250ml bottles.

Welcome to Gaggia North America!

Remove the portafilter and place a container under the group head; put another container under the steam wand to catch the descaling solution. Power up the espresso machine. Turn the brew switch on and run about 6 oz. of the Citric Acid solution through the brew head.

**Amazon.com: Gaggia Decalcifier
Descaler Solution: Coffee ...**

To descale your Gaggia coffee machine use only the Gaggia decalcifier, a unique solution made to ensure excellent performances of the machine throughout time. Vinegar and any other descaling agents must be avoided. Never use descaling agents based on mineral acids such as sulfuric acid, hydrochloric acid and sulfamic acid.
