"There are rappers who everyone loves and there are rappers who every rapper loves, and Corey Woods, a.k.a. Raekwon the Chef, is one of the few who is both. His versatile flow, natural storytelling, and evocative imagery have inspired legions of fans and a new generation of rappers. Raekwon is one of the founding members of Wu-Tang Clan, and his voice and cadence are synonymous with the sound that has made the group iconic since 1991. Now, for the first time, Raekwon tells his whole story, from struggling through poverty in order to make ends meet to turning a hobby into a legacy. The Wu-Tang tale is dense, complex, and full of drama, and here nothing is off-limits: the group's origins, secrets behind songs like "C.R.E.A.M." and "Protect Ya Neck," and what it took to be one of the first hip-hop groups to go from the underground to the mainstream. Raekwon also delves deep into the making of his

meticulous solo albums--particularly the classic Only Built 4 Cuban Linx--and talks about how spirituality and fatherhood continue to inspire his unstoppable creative process." --

Latinos across the United States are redefining identities, pushing boundaries, and awakening politically in powerful and surprising ways. Many—Afrolatino, indigenous, Muslim, queer and undocumented, living in large cities and small towns—are voices who have been chronically overlooked in how the diverse population of almost sixty million Latinos in the U.S. has been represented. No longer. In this empowering cross-country travelogue, journalist and activist Paola Ramos embarks on a journey to find the communities of people defining the controversial term, “Latinx.” She introduces us to the indigenous Oaxacans who rebuilt the main street in a post-industrial town in upstate New York, the “Las

Poderosas” who fight for reproductive rights in Texas, the musicians in Milwaukee whose beats reassure others of their belonging, as well as drag queens, environmental activists, farmworkers, and the migrants detained at our border. Drawing on intensive field research as well as her own personal story, Ramos chronicles how “Latinx” has given rise to a sense of collectivity and solidarity among Latinos unseen in this country for decades. A vital and inspiring work of reportage, Finding Latinx calls on all of us to expand our understanding of what it means to be Latino and what it means to be American. The first step towards change, writes Ramos, is for us to recognize who we are.

Rudin's friends also suspected Margaret, and the victim has thought that his wife was trying to poison him when he was alive. Introduction to Probability Candlewick Press

First published in 1987, New York Times bestseller, *I ' m With The Band* has been reprinted throughout the years, all over the world. This is the stylish, exuberant and sweetly innocent tale of one of the most famous groupies of the 1960s and 70s. Beginning with Pamela Des Barres ' early obsession with Elvis, her own Beatlemania madness, and her fierce determination to meet the musicians who rocked her world, *I ' m With The Band* illuminates the glory days of scintillating encounters with musical gods including Jim Morrison, Jimi Hendrix, Mick Jagger and Keith Moon. A girl just wanting to have fun, Des Barres immersed herself in the drugs, danger and ecstasy of the freewheeling 1960s. As a member of The GTOs (Girls Together Outrageously), an all-female group masterminded by Frank Zappa, Des Barres was in the thick of the most revolutionary renaissance in the history of modern popular music. She travelled with Led Zeppelin; lived in sin with Don Johnson; turned down a date with Elvis Presley; and was close friends with Robert Plant, Gram Parsons and Ray Davies. She had affairs with Mick Jagger, Jimmy Page, Keith Moon, Waylon Jennings, Chris Hillman, Noel Redding, and Jim Morrison, among others. A woman in possession of her own destiny, Des Barres blazed a trail for women ' s life-writing, standing up for female voices and experience everywhere. From original diaries, told with great warmth, chutzpah and joie de vivre, this is a frank memoir that wears its heart on its sleeve, and recalls one of rock ' n ' roll ' s most thrilling eras. This edition contains new material from the author, including her response to the vitriolic

shaming of groupies, and a foreword by Roisin O ' Connor, rock journalist and music correspondent for the Independent.

Winner of the 2019 PEN/ESPN Award for Literary Sports Writing " The Circuit is the best sports book I've read in years, maybe ever. " —Rich Cohen, author of *The Chicago Cubs* and *Monsters* " As sports writing goes, *The Circuit* is unusual in the very best way. Rowan Ricardo Phillips writes with such fluidity, and packs the book with bursts of brilliance. This is a compulsively readable guide to one truly Homeric year of professional tennis. " —John Green, author of *The Fault in Our Stars* An energetic, lyrical, genre-defying account of the 2017 tennis season. In *The Circuit: A Tennis Odyssey*, the award-winning poet—and *Paris Review* sports columnist—Rowan Ricardo Phillips chronicles 2017 as seen through the unique prism of its pivotal, revelatory, and historic tennis season. The annual tennis schedule is a rarity in professional sports in that it encapsulates the calendar year. And like the year, it ' s divided into four seasons, each marked by a final tournament: the Grand Slams. Phillips charts the year from winter ' s Australian Open, where Roger Federer and Rafael Nadal renewed their rivalry in a match for the ages, to fall ' s U.S. Open. Along the way, Phillips paints a new, vibrant portrait of tennis, one that captures not only the emotions, nerves, and ruthless tactics of the point-by-point game but also the quicksilver movement of victory and defeat on the tour, placing that sense of upheaval within a broader cultural and social context. Tennis has long been thought of as an escapist spectacle: a bucolic, separate bauble of life. *The Circuit* will convince you that you don ' t leave the world behind as you watch tennis—you bring it with you.

"Addresses a real need: a scholarly and ritually informed reading of spirituality in the work of a major African American author. No other work catalogues so thoroughly the grounding of Morrison's work in African cosmogonies. Zauditu-Selassie's

many readings of Ba Kongo and Yoruba spiritual presence in Morrison's work are incomparably detailed and generally convincing."--Keith Cartwright, University of North Florida Toni Morrison herself has long urged for organic critical readings of her works. K. Zauditu-Selassie delves deeply into African spiritual traditions, clearly explaining the meanings of African cosmology and epistemology as manifest in Morrison's novels. The result is a comprehensive, tour-de-force critical investigation of such works as *The Bluest Eye*, *Sula*, *Song of Solomon*, *Tar Baby*, *Paradise*, *Love*, *Beloved*, and *Jazz*. While others have studied the African spiritual ideas and values encoded in Morrison's work, *African Spiritual Traditions in the Novels of Toni Morrison* is the most comprehensive. Zauditu-Selassie explores a wide range of complex concepts, including African deities, ancestral ideas, spiritual archetypes, mythic trope, and lyrical prose representing African spiritual continuities. Zauditu-Selassie is uniquely positioned to write this book, as she is not only a literary critic but also a practicing Obatala priest in the Yoruba spiritual tradition and a Mama Nganga in the Kongo spiritual system. She analyzes tensions between communal and individual values and moral codes as represented in Morrison's novels. She also uses interviews with and nonfiction written by Morrison to further build her critical paradigm.

Gary Gray to co-star in his film, *A Man Apart*, starring Vin Diesel. But the film and music video sets, swanky Hollywood and New York restaurants and trysts with the celebrities featured in the pages of *People* and *In Touch* magazines only touches the surface of Karrine Steffans' life. motherhood—all by the age of 26. By sharing her story, Steffans hopes to shed light on an otherwise romanticised industry and help young women avoid the same pitfalls she encountered. If they're already in danger, she hopes to inspire them to find a way to dig themselves out of what she knows first-hand to be a cycle of hopelessness and despair.
