Textbook of Emergency Medicine (Vol. 1 and 2) is a comprehensive and contemporary exposition of the vast array of disorders and emergencies that might present to the emergency or casualty department of a hospital.

Why we are the way we are McGraw-Hill Education (UK)

For over 150 years the Lakota have tenaciously defended their culture and land against white miners, settlers, missionaries, and the U.S. Army, and paid the price. Their economy is in shambles and they face serious social issues, but their culture and outlook remain vibrant. Basketball has a role to play in the way that people on Pine Ridge Indian Reservation configure their hopes for a better future, and for pride in their community. In *Lakota Hoops*, anthropologist Alan Klein trains his experienced eye on the ways that Lakota traditions find a seamless expression in the sport. In a variety of way such as weaving time-honored religious practices into the game or extending the warrior spirit of Crazy Horse to the players on the court, basketball has become a preferred way of finding continuity with the past. But the game is also well suited to the present and has become the largest regular gathering for all Lakota, promoting national pride as well as a venue for the community to creatively and aggressively confront white bigotry when needed. Richly researched and filled with interviews with Pine Ridge residents, including both male and female players, *Lakota Hoops* offers a compelling look at the highs and lows of a community that has made basketball its own.

Little, Brown Books for Young Readers

Lacrosse has been a central element of Indigenous cultures for centuries, but once non-Indigenous players entered the sport, it became a site of appropriation - then reclamation - of Indigenous identities. The *Creator's Game* focuses on the history of lacrosse in Indigenous communities from the 1860s to the 1990s, exploring Indigenous-non-Indigenous relations and Indigenous identity formation. While the game was being appropriated in the process of constructing a new identity for the nation-state of Canada, it was also being used by Indigenous peoples to resist residential school experiences, initiate pan-

Indigenous political mobilization, and articulate Indigenous sovereignty. This engaging and innovative book provides a unique view of Indigenous self-determination and nationhood in the face of settler-colonialism.

In its political form, the existence of a public realm is the basis of a shared relationship between rulers and ruled which makes politics more than mere power or domination. How to construct and maintain a public realm in the political sphere is, however, a matter of especial dispute at the present day, due partly to the increasing difficulty of making the distinction between public and private spheres which has been the basis of Western liberal democracy; partly to the tendency of public concerns to be identified with economic interests, which transforms citizens into consumers; partly to pressure for the acknowledgement of diversity of every kind, which creates the danger of fragmenting the public realm; and partly to globalization processes which have undermined the traditional identification of the public realm with national political institutions. Globalization has, in addition, raised the question of whether there can be a supra-national public realm and, more generally, of what form it is likely to assume in non-Western cultures. These are amongst the fundamental contemporary issues addressed by contributors to the present volume. This book was published as a special

issue of the Critical Review of International, Social and Political Philosophy.

A USA TODAY BESTSELLER A Publishers Weekly Best Book of the Year In this latest novel from Stephen Graham Jones comes a "heartbreakingly beautiful story" (Library Journal, starred review) of revenge, cultural identity, and the cost of breaking from tradition. Seamlessly blending classic horror and a dramatic narrative with sharp social commentary, *The Only Good Indians* is "a masterpiece. Intimate, devastating, brutal, terrifying, warm, and heartbreaking in the best way" (Paul Tremblay, author of *A Head Full of Ghosts*). This novel follows four American Indian men after a disturbing event from their youth puts them in a desperate struggle for their lives. Tracked by an entity bent on revenge, these childhood friends are helpless as the culture and traditions they left behind catch up to them in violent, vengeful ways. Labeled "one of 2020's buzziest horror novels" (Entertainment Weekly), this is a remarkable horror story "will give you nightmares—the good kind of course" (BuzzFeed).

In 1934, Commissioner of Indian Affairs John Collier began a series of "congresses" with American Indians to discuss his proposed federal bill for granting self-government to tribal reservations. In "The Indian Reorganization Act," Vine Deloria, Jr., compiled the actual historical records of those congresses and made available important documents of the premier years of reform in federal Indian policy as well as the bill itself.

-With inside access and reporting, Sports Illustrated senior baseball writer and FOX Sports analyst Tom Verducci reveals how Theo Epstein and Joe Maddon built, led, and inspired the Chicago Cubs team that broke the longest championship drought in sports, chronicling their epic journey to become World Series champions---

A Celebration of Childhood and Imagination Harper Collins

Although largely ignored by historians of both baseball in general and the Negro leagues in particular, Latinos have been a significant presence in organized baseball from the beginning. In this benchmark study on Latinos and professional baseball from the 1880s to the present, Adrian Burgos tells a compelling story of the men who negotiated the color line at every turn—passing as "Spanish" in the major leagues or seeking respect and acceptance in the Negro leagues. Burgos draws on

archival materials from the U.S., Cuba, and Puerto Rico, as well as Spanish- and English-language publications and interviews with Negro league and major league players. He demonstrates how the manipulation of racial distinctions that allowed management to recruit and sign Latino players provided a template for Brooklyn Dodgers' general manager Branch Rickey when he initiated the dismantling of the color line by signing Jackie Robinson in 1947. Burgos's extensive examination of Latino participation before and after Robinson's debut documents the ways in which inclusion did not signify equality and shows how notions of racialized difference have persisted for darker-skinned Latinos like Orestes ("Minnie") Miñoso, Roberto Clemente, and Sammy Sosa.

How Sport Made the Modern World

Oxford University Press

To understand the aboriginal roots of lacrosse, one must enter a world of spiritual belief and magic where players sewed inchworms into the innards of lacrosse balls and medicine men gazed at miniature lacrosse sticks to predict future events, where bits of bat wings were twisted into the stick's netting, and where famous players were—and are still—buried with their sticks. Here Thomas Vennum brings this world to life.

Covering All the Bases

princeton alumni weekly

Noted baseball historian Norman L. Macht brings together a wide-ranging collection of baseball voices from the Deadball Era through the 1970s, including nine Hall of Famers, who take the reader onto the field, into the dugouts and clubhouses, and inside the minds of both players and managers. These engaging, wide-ranging oral histories bring surprising revelations—both highlights and lowlights—about their careers, as they revisit their personal mental scrapbooks of the days when they played the game. Not all of baseball's best stories are told by its biggest stars, especially when the stories are about those stars. Many of the

storytellers you'll meet in *They Played the Game* are unknown to today's fans: the Red Sox's Charlie Wagner talks about what it was like to be Ted Williams's roommate in Williams's rookie year; the Dodgers' John Roseboro recounts his strategy when catching for Don Drysdale and Sandy Koufax; former Yankee Mark Koenig recalls batting ahead of Babe Ruth in the lineup, and sometimes staying out too late with him; John Francis Daley talks about batting against Walter Johnson; Carmen Hill describes pitching against Babe Ruth in the 1927 World Series. *They Played the Game* Games Indians Play Why we are the way we are

"Indian Games : an historical research" by Andrew McFarland Davis. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre.
