AERO TRADER & CHOPPER SHOPPER, JANUARY 2005 Causey Enterprises, LLC Includes chapters on GPS Navigation and Flight Management Systems. This guide provides coverage of Distance Measuring Equipment, Area Navigation, and Critical Fuel Scenarios. It is aimed at United States Market: one million private pilots.

AERO TRADER & CHOPPER SHOPPER, SEPTEMBER 2004 Causey Enterprises, LLC This book describes the emerging field of self-organizing, multicore, distributed and real-time embedded systems. Self organization of both hardware and software can be a key technique to handle the growing complexity of modern computing systems. Distributed systems running hundreds of tasks on dozens of processors, each equipped with multiple cores, requires self organization principles to ensure efficient and reliable operation. This book addresses various, so-called Self X features such as self-configuration, self optimization, self adaptation, self healing and self protection.

AERO TRADER, DECEMBER 2006 Causey Enterprises, LLC  
Geocaching has steadily grown into a fun and enduring outdoor adventure and with the popularity of GPS units and the development

of applications for nearly all of the most popular smartphone platforms, it has become an adventure that's available to pretty much anyone. In The Complete Idiot's Guide® to Geocaching, Third Edition, the editors and staff of Geocaching.com open the world of geocaching up to a much broader audience and take the reader through all of the core essentials for caching including how to play, tips and tricks for finding and placing caches, variations on traditional caching, and much more. In addition, the reader can learn about exciting new changes to the game and the new GPS-enabled games that will take cachers to an entirely new level of fun and adventure.
