**PHOTOSHOP BOOK THAT BREAKS ALL THE RULES?**  
Scott Kelby, Editor and Publisher of Photoshop User magazine – and the best-selling Photoshop author in the world today – once again takes this book to a whole new level as he uncovers more of the latest, most important, and most useful Adobe Photoshop CS6 techniques for digital photographers. This major update to his award-winning, record-breaking

book does something for digital photographers that 's never been done before – it cuts through the bull and shows you exactly “ how to do it. ” It ' s not a bunch of theory; it doesn ' t challenge you to come up with your own settings or figure it out on your own. Instead, Scott shows you step by step the exact techniques used by today ' s cutting-edge digital photographers, and best of all, he shows you flat-out exactly

which settings to use, when to use them, and why. That ' s why the previous editions of this book are widely used as the official study guides in photography courses at colleges and universities around the world. **LEARN HOW THE PROS DO IT** Each year, Scott trains thousands of professional photographers on how to use Photoshop, and almost without exception they have the same questions, the same problems, and the same

---

challenges – and that’s exactly what he covers in this book. You’ll learn: The sharpening techniques the pros really use. The pros’ tricks for fixing the most common digital photo problems fast! The step-by-step setup for getting what comes out of your printer to match exactly what you see onscreen. How to process HDR (High Dynamic Range) images using CS6’s Merge to HDR Pro. How to master CS6’s Content-Aware features. How to

use Photoshop CS6’s new video editing features to make movies from your DSLR videos. How to process RAW images like a pro (plus how to take advantage of all the new Camera Raw features in CS6!). The latest Photoshop special effects for photographers (there’s a whole chapter just on these!). A host of shortcuts, workarounds, and slick “insider” tricks to send your productivity through the roof! Plus, Scott includes a

special bonus chapter with his own CS6 workflow, from start to finish, and each chapter ends with a Photoshop Killer Tips section, packed with timesaving, job-saving tips that make all the difference. If you’re a digital photographer, and if you’re ready to learn all the “tricks of the trade” – the same ones that today’s leading pros use to correct, edit, sharpen, retouch, and present their work—then you’re holding the book that

Find out about more than 70 cat breeds, including their origins and characteristics, in this pocket-sized encyclopedia.

This cat-alogue packs a whole lot of information into your pocket!

Along with a photo of each breed, discover the facts and stats of each cat, including its size, where the breed originated, colors and markings, and unusual features or behaviors.

You'll soon be able to tell apart a Burmese from a Siamese; a rex from a sphynx and a manx; and an American shorthair from a British shorthair. You will also discover a lot about colors and patterns. Did you know that tabby cats and tortoiseshells are not breeds, but colors within breeds? Plus there are pages introducing cat anatomy and behavior; and the book finishes with fun facts.

The style of the Pocket Eyewitness series is perfect for all children,

from reluctant readers who can easily digest the key points through to budding vets and cat-lovers who want to know more about the best pets on the planet. Cats with facts: what more could anyone want?
