Guide to Documents Not Printed in the U.S. Serial Set McGraw-Hill Education

John H. Reagan was one of the most important figures in Texas history; this was the first biography of him to be published. Reagan, who was born in Sevier County, Tennessee, in 1818, came to Texas twenty-one years later—while Texas was still a republic—and stayed to play many major roles in its later economic and political development. In this excellent biography, Ben H. Procter not only re-creates for us the character of the man, with his forthright integrity and his boundless desire for knowledge, but also places him against the background of the time in which he lived. In vivid language Procter portrays the violence and vigor of pioneer life, the excitement of frontier politics, the dedication, devotion, enthusiasm, and—ultimately—despair of the Civil War, and the bitterness of the struggle with the railroad tycoons and their gargantuan monopolies. Spanning as it does the Republic of Texas, early statehood, the Confederacy, Reconstruction, and the era of the "robber barons," the story of John H. Reagan encompasses a panoramic sweep of mid- to late-nineteenth-century United States history. Throughout his long life, respect came to Reagan almost as a matter of course. The forceful strength of his personality made an impression few people could ignore. From the day when Colonel Durst hired the young Reagan as a tutor for his children, exclaiming, "This man is a scholar," until the day some fifty years later when Governor Hogg persuaded him to leave the U.S. Senate to become chairman of the new Railroad Commission because the Commission "must be above reproach," his extraordinary character and ability were recognized. In fact, the perceptive intelligence that made him examine all aspects of a situation, and the sturdy integrity and courage that made it impossible for him to abandon a position he believed to be right simply because it was for the moment unpopular, frequently gave him the appearance of a prophet. Although this "prophetic gift" occasionally led to interludes of public disfavor, Reagan was accorded honor, even in his own land—and in later years veneration—that any prophet might envy.

Utah, 2000 Wiley Global Education

Introduction to Managerial Accounting, 7/e by Brewer/Garrison/Noreen is based on the market-leading text, Managerial Accounting, by Garrison, Noreen and Brewer. Brewer 7e is a briefer, more accessible, and thoroughly student-friendly text that satisfies the basic needs of the managerial accounting student without unnecessary depth on advanced topics associated with the follow-up course cost accounting/cost management. Faculty and students alike will find this new edition has retained the hallmark features of the Garrison brand: author-written supplements, excellent

readability, terrific examples, and balanced end-of-chapter material. In addition, Connect Accounting for Brewer/Garrison/Noreen has been expanded with new learning resources for your students.

Including All Cases Contained in the Pennsylvania State and Superior Court Reports and All Pennsylvania Legal Periodicals, with Many Manuscript Cases, Together with Tables of All Affirmed, Harmonized, Explained, Followed, Overruled, Reversed, Questioned, Modified, Criticised and Distinguished Cases, and an Alphabetical List of All Cases Digested and Brought Down to Date University of Texas Press

This book studies male activists in American feminism from the 1830s to the late 19th century, using archival work on personal papers as well as public sources to demonstrate their diverse and often contradictory advocacy of women's rights, as important but also cumbersome allies. Focussing mainly on nine men—William Lloyd Garrison, Wendell Phillips, James Mott, Frederick Douglass, Henry B. Blackwell, Stephen S. Foster, Henry Ward Beecher, Robert Purvis, and Thomas Wentworth Higginson, the book demonstrates how their interactions influenced debates within and outside the movement, marriages and friendships as well as the evolution of (self-)definitions of masculinity throughout the 19th century. Re-evaluating the historical evolution of feminisms as movements for and by women, as well as the meanings of identity politics before and after the Civil War, this is a crucial text for the history of both American feminisms and American politics and society. This is an important scholarly intervention that would be of interest to scholars in the fields of gender history, women's history, gender studies and modern American history.

2000 Census of Population and Housing. Summary social, economic, and housing characteristics DIANE Publishing

"Traces the history of abolition from the 1600s to the 1860s . . . a valuable addition to our understanding of the role of race and racism in America."—Florida Courier Received historical wisdom casts abolitionists as bourgeois, mostly white reformers burdened by racial paternalism and economic conservatism. Manisha Sinha overturns this image, broadening her scope beyond the antebellum period usually associated with abolitionism and recasting it as a radical social movement in which men and women, black and white, free and enslaved found common ground in causes ranging from feminism and utopian socialism to anti-imperialism and efforts to defend the rights of labor. Drawing on extensive archival research, including newly discovered letters and pamphlets, Sinha documents the influence of the Haitian Revolution and the centrality of slave resistance in shaping the ideology and tactics of abolition. This book is a comprehensive history of the abolition movement in a transnational context. It illustrates how the abolitionist vision ultimately linked the slave's cause to the struggle to redefine American democracy and human rights across the globe. "A full history of the men and women who truly made us free."—Ira Berlin, The New York Times Book Review "A stunning new history of abolitionism . . . [Sinha] plugs abolitionism back into the history of anticolonialist protest."—The Atlantic "Will deservedly take its place alongside the equally magisterial works of Ira Berlin on slavery and Eric Foner on the Reconstruction Era."—The Wall Street Journal "A powerfully unfamiliar look at the struggle to end slavery in the United States . . . as multifaceted as the movement it chronicles."—The Boston Globe

The Bystander BEYOND BOOKS HUB

Narrative of the Life of Frederick Douglass First published in 1845, Narrative of the Life of Frederick Douglass is an eye-opening depiction of American slavery. Part autobiography, part human-rights treatise, it describes the everyday horrors inflicted on captive laborers, as well as the strength and courage needed to survive. Narrative of the Life of Frederick Douglass Born into slavery on a Maryland plantation in 1818, Frederick Douglass spent years secretly teaching himself to read and write—a crime for which he risked life and limb. After two failed escapes, Douglass finally, blessedly boarded a train in 1838 that would eventually lead him to New York City and freedom. Narrative of the Life of Frederick Douglass Few books have done more to change America's notion of African Americans than this seminal work. Beyond its historical and social relevancy, it is admired today for its gripping stories, the intensity of spirit, and heartfelt humanity. Narrative of the Life of Frederick Douglass This ebook has been professionally proofread to ensure accuracy and readability on all devices. Narrative of the Life of Frederick Douglass Born into a life of bondage, Frederick Douglass secretly taught himself to read and write. It was a crime punishable by death, but it resulted in one of the most

eloquent indictments of slavery ever recorded. His gripping narrative takes us into the fields, cabins, and manors of pre-Civil War plantations in the South and reveals the daily terrors he suffered. Narrative of the Life of Frederick Douglass Written more than a century and a half ago by a Black man who went on to become a famous orator, U.S. minister to Haiti, and leader of his people, this timeless classic still speaks directly to our age. It is a record of savagery and inhumanity that goes far to explain why America still suffers from the great injustices of the past. Narrative of the Life of Frederick Douglass Competitive Problems in the Drug Industry Routledge Intermediate Accounting: IFRS Edition provides the tools global accounting students need to understand IFRS and how it is applied in practice. The emphasis on fair value, the proper accounting for financial instruments, and the new developments related to leasing, revenue recognition, and financial statement presentation are examined in light of current practice. Global Accounting Insights highlight the important differences that remain between IFRS and U.S. GAAP, and discuss the ongoing joint convergence efforts to resolve them. Comprehensive, up-to-date, and accurate, Intermediate Accounting: IFRS Edition includes proven pedagogical tools, designed to help students learn more effectively and to answer the changing needs of this course.
