From National Book Award in Fiction finalist Andrew Krivak comes a gorgeous fable of Earth's last two human inhabitants, and a girl's journey home In an Edenic future, a girl and her father live close to the land in the shadow of a lone mountain. They possess a few remnants of civilization: some books, a pane of glass, a set of flint and steel, a comb. The father teaches the girl how to fish and hunt, the secrets of the seasons and the stars. He is preparing her for an adulthood in harmony with nature, for they are the last of humankind. But when the girl finds herself alone in an unknown landscape, it is a bear that will lead her back home through a vast wilderness that offers the greatest lessons of all, if she can only learn to listen. A cautionary tale of human fragility, of love and loss, *The Bear* is a stunning tribute to the beauty of nature's dominion. Andrew Krivak is the author of two previous novels: *The Signal Flame*, a Chautauqua Prize finalist, and *The Sojourn*, a National Book Award finalist and winner of both the Chautauqua Prize and Dayton Literary Peace Prize. He lives with his wife and three children in Somerville, Massachusetts, and Jaffrey, New Hampshire, in the shadow of Mount Monadnock, which inspired much of the landscape in *The Bear*.

Danger on Midnight River Yearling

Part travelogue, part history, and part environmental treatise, "*Mekong - The Occluding River*" is above all else an urgent warning that factors such as pollution, ecological devastation, and the depletion of natural resources are threatening the very existence of the Mekong River. Author Ngo The Vinh combines his vivid travel notes and collection of photographs with a meticulously researched history of the environmental degradation of the Mekong River. Translated from Vietnamese, the best-selling treatise outlines the myriad threats facing the river today. From oil shipments feeding the industrial cities of southwestern China to gigantic hydroelectric dams known as the Mekong Cascades in Yunnan province, China is the worst environmental offender, though the other nations along Mekong's banks behave no better. From Thailand to Laos to Vietnam, hydroelectric dams that threaten the Mekong and its inhabitants are being built at an alarming rate. To save the Mekong, Ngo The Vinh calls upon all the nations that benefit from its life-giving water to observe the "Spirit of the Mekong" in the implementation of all future development projects. To achieve this end, there must be a concerted and sustained commitment to cooperation and sustainability. At this critical cross-roads, we should remind ourselves of the mantra from Sea World San Diego: "Extinction is forever. Endangered means we still have time."

A mesmerizing novel of two love stories, separated by half a century but connected by one enchanting act of devotion—from the internationally acclaimed Israeli writer Meir Shalev. During the 1948 War of Independence—a time when pigeons are still used to deliver battlefield messages—a gifted young pigeon handler is mortally wounded. In the moments before his death, he dispatches one last pigeon. The bird is carrying his extraordinary gift to the girl he has loved since adolescence. Intertwined with this story is the contemporary tale of Yair Mendelsohn, who has his own legacy from the 1948 war. Yair is a tour guide specializing in bird-watching trips who, in middle age, falls in love again with a childhood girlfriend. His growing passion for her, along with a gift from his mother on her deathbed, becomes the key to a life he thought no longer possible. Unforgettable in both its particulars and its sweep, *A Pigeon and A Boy* is a tale of lovers then and now—of how deeply we love, of what home is, and why we, like pigeons trained to fly in one direction only, must eventually return to it. In a voice that is at once playful, wise, and altogether beguiling, Meir Shalev tells a story as universal as war and as intimate as a winged declaration of love.

River Restoration River restoration initiatives are now widespread across the world. The research efforts undertaken to support them are increasingly interdisciplinary, focusing on ecological, chemical, physical as well as societal issues. *River Restoration: Political, Social, and Economic Perspectives* provides a comprehensive overview of research in the field of river restoration in humanities and the social sciences. It illustrates how, in the last thirty years or so, such approaches have evolved and strengthened within the restoration sciences. The scientific community working in this domain has structured itself, often regionally and circumstantially, to critically assess and improve restoration policies and practices. As a research field, river restoration tackles three thematic axes: Human-river interactions — especially perceptions and practices of rivers, and how these interactions can be changed by restoration projects Political processes, with a particular interest in governance and decision-making, and a specific emphasis on the question of public participation in restoration projects Evaluation of the social and economic benefits of river restoration *River Restoration: Political, Social, and Economic Perspectives* encompasses these three topics, and more, to provide the reader with the most up-to-date and holistic view of this constantly evolving area. The book will be of particular interest to human and social scientists, biophysical scientists (hydrologists, geomorphologists, ecologists), environmental scientists, public policy makers, design or planning officers, and anyone working in the field of river restoration.

Before he wrote the bestselling 100 Cupboards trilogy and Ashtown Burials series, N. D. Wilson delighted readers with his first unforgettable action-adventure story of survival. . . . Thomas Hammond has always lived next to Leepike Ridge, but he never imagined he might end up lost beneath it! The night Tom ' s schoolteacher comes to dinner and asks Tom ' s mother to marry him, Tom slips out of the house and escapes down a nearby stream on a floating slab of packing foam. The night and stars lull Tom to sleep, and when he wakes, he has ridden his foam raft all the way to the ridge, where the stream dives underground. Flung over rapids and tossed through chasms, Tom finally hits shore, sore but alive. What Tom finds under Leepike Ridge—a dog, a flashlight, a castaway, a tomb, and buried treasure—will answer questions he hadn ' t known to ask, and change his life forever. Now, if only he can find his way home again. . . . In the grand tradition of Robinson Crusoe, Hatchet, and Tom Sawyer, N. D. Wilson ' s first book for young readers is a remarkable adventure, a journey through the dark and back into the light. A New York Public Library 100 Titles for Reading and Sharing “ This is a ripping good adventure yarn. . . . Here ' s the perfect remedy for any summer that ' s been disappointingly short on thrills. ” —The Bulletin of the Center for Children ' s Books, Starred “ Wilson ' s debut is a literate, sometimes humorous page-turner in the classic tradition. Well-read adventure lovers are in for a treat looking for echoes of The Odyssey and Tom Sawyer. ” —Kirkus Reviews “ Tom ' s adventures have several literary ancestors, including Tom and Huck in the cave, and the inventive Swiss Family Robinson, but this is solidly set in the present, standing on its own with well-crafted suspense and fascinating survival detail. . . . [M]iddle-grade readers will also relish the physicality of the journey: underwater swims, tight passages, and rock climbing. . . . [An] appealing and easy-to-booktalk package. ” —Booklist “ Wilson sets the scene vividly, from Tom ' s home to the labyrinth of tunnels and caverns under the mountain, and the central characters ' emotional lives develop both naturally and affectingly. [Readers] will appreciate both the fast-paced adventure and Tom ' s determination to make the impossible journey back home. ” —The Horn Book Magazine “ Wilson ' s rich imagination and his quirky characters are a true delight. ” —School Library Journal
