The GE Security Simon XT is a very popular model of GE wireless home security system. The Simon is a wireless "all-in-one" type panel, similar to the Ademco Lynx system (Lynxr-en). It combines a control unit, radio receiver, keypad, display, backup battery, and sounder in a single housing. All that's needed to make a complete security system is the addition of wireless sensors for doors, windows, motion detection, etc.
