Under the Pavilion of God’s Protection is a precisely researched and solidly written study of God’s protection of His Believers.

Comparable to a day-by-day devotional, Pavilion is a broad-in-scope Biblical analysis of the Lord’s provision of protecting His Saints.

The work digs deeply into just exactly what is meant by His grace, power and righteousness, as well as our strength, joy, freedom, comfort, and the varied ways in which He protects His own, etc. — too numerous to mention here. Peek inside and experience the teaching using the Biblical rank-and-file and God’s hand of guidance sheltering His own. The Scriptures

colorfully bring to light the situations of life and illuminate the reader’s need to understand God’s ways in this arena.

Popular Mechanics

Popular Mechanics inspires, instructs and influences readers to help them master the modern world. Whether it's

practical DIY home-improvement tips, gadgets and digital technology, information on the

newest cars or the latest breakthroughs in science -- PM is the ultimate guide to our high-

tech lifestyle. "All-Electric" Narratives

Resources, Technology and Strategy brings

together contributors from Europe, North America and Asia to consider the strategic

relationship between technology and other resources, such as production capabilities,

marketing prowess, finance and organisational culture. Throughout the book, these experts

take a critical approach to RBP (Resource-Based Perspective) in order to assess both its

strengths and weaknesses. Case studies also highlight the importance of both having and not

having strong technological capabilities in settings as diverse as the US semiconductor

industry, small family manufacturing firms in Hong Kong and state-owned enterprises in

China.

Computerworld

Advertised as the "Billion-Dollar Fair," the 1964-1965 New York World's Fair

transformed a sleepy park in the borough of Queens into a fantasy world enjoyed by

more than 51 million visitors from around the world. While many countries and states

exhibited at the fair, the most memorable pavilions were built by the giants of

American industry. Their exhibits took guests backward and forward in time, all the

while extolling how marvelous everyday life would be through the use of their

products. Many of the techniques used in these shows set the standard for future fairs

and theme parks, and the pavilions that housed them remain the most elaborate

structures ever built for an American fair.

The 1964-1965 New York World's Fair showcases the beauty of this international

spectacular through rare color photographs, published here for the first time.
