Chris Owen, you've "proved it" again. Read more. Helpful. Comment Report abuse. j. leigh bailey. 4.0 out of 5 stars A good "feel good" read. Reviewed in the United States on July 30, 2011. Verified Purchase. I'm not going to go into detail about the plot--obviously, you can get that here!--so I'm going to dive right in to the review.

Gemini is not a book for everyone -- the subject matter is in many ways very controversial (and I

am not speaking of the gay issue). However, Chris Owens handles it with his typical gifted flare. I rooted for the characters involved and my heart went out to them ONLY because of the emotionally charged way their story was presented.

Samsung Led 32 User Manual - indivisiblesomerville.org

Chris Owen lives with her family on the east coast of Canada. A writer, reader, board game player, knitter, and dog lover, she explores themes of chosen family in her work, often inserting her own hobbies into the characters lives. A mother of two children who are rapidly reaching adulthood, she can frequently be found with a cup of coffee in one hand, staring dreamily at her yarn and pile of writing resources, dreaming of the day she can have a proper office with a door that closes.
