While vacationing on
Cape Cod, best friends
Emily, age sixteen,

and Reese, seventeen, meet Steve and Dave, who seem too good to be true, and whose presence turns out to be related to a dire threat of global pollution.

An Introduction Free Spirit Publishing

Reminiscent of "Freaky Friday," this novel is the story of former best friends Emma and Tom, who mysteriously switch bodies. Now, Tom must learn how to put a bra and avoid getting kissed by Jeff M., while Emma just can't believe she has a . . . thingie.

The Greatest Superpower

SAGE

Perfect for fans of classic teen comedies like *She's All That* and *Freaky Friday*, this is the story of two tweens who can't imagine problems bigger than their own until they wake up one morning...and realize they've switched bodies. All Emma wants is for Jeff Matthews to notice her, to avoid sexist boys, and to finally get her period. All Tom wants is to not look like a wuss at school, to figure out his new blended family, and to get a chance with Kelly A. Neither thinks about

much else. That is until something freaky happens. Emma and Tom wake up one morning in each other's bodies. Now all Emma can think about is how to dodge the mean girls who torment her and all Tom can think about is how to avoid being alone with Jeff Matthews. This hilarious and thought-provoking read will have tweens wondering what high school is really like for the classmates they consider their opposites--and have them second-guessing the pre-conceived notions they may have about each other.

Monologues for Boys and Girls
Bloomsbury Publishing
Six gender-neutral comedic and

Blending Genders Encounter
Books
Chloe Thomas is going to
the prom. Of course, she
doesn't have a date, she
needs a dress, and she's the
last person anyone expects to

see there. But her two oldest
friends asked her to go, and
she said yes. Right away
things start to fall apart.
Laura and Jace are too busy
with their own preparations
to help Chloe, her “ real ”
friends think she's insane,
and her parents are so
excited that she can't even be
in the same room with them.
Why on earth did she agree
to do this? With drama,
humor, and a touch of prom
magic, Blake Nelson delivers
a story as memorable as
prom itself.
Reclaiming Common Sense

Springer
"Mignon Moore's title says it all:
Invisible Families. Scholarship on
lesbian and gay issues has been
slow to recognize the importance
of children and family among
those in same-sex relationships
and has paid scant attention to
racial minorities; nor have
students of African American life
given much attention to Black
lesbians and gay men. We are left
with the unfortunate impression,
to paraphrase the authors of But
Some of Us Are Brave, that all
the lesbians and gays are White
and all the Blacks are
heterosexual. This book stands as
a significant corrective to these
multiple myopias, offering a
nuanced account of the kinds of

pressures Black women raising children with female partners encounter, and revealing the creativity and resilience they bring to the struggle." --Ellen Lewin, University of Iowa, author of *Gay Fatherhood: Narratives of Family and Citizenship in America*. "Invisible Families shakes up longstanding theoretical conceptualizations of racial identity, family formation, and motherhood, contesting basic assumptions about black families. Tightly conceptualized and highly engaging." - Kerry Ann Rockquemore, author of *Raising Biracial Children*
Culture, Health and Sexuality
Psychology Press
To understand masculine and

feminine social and political history in the second half of the 20th century, one must first understand the lexical history of the term gender, which did not become an attribute of human beings until 1955 when John Money introduced the concept of gender role to refer to the masculine or feminine presentation of individuals whose genital organs, by reason of birth defect, were anatomically neither completely male or completely female, but hermaphroditic. In this book, Money explores the history of gender differentiation and its impact on contemporary, postmodern social constructionist explanations of male and female. He argues that the nature vs

nurture dichotomy should be abandoned in favour of a paradigm of nature/critical period/nurture. The book further discusses how some gender differences are phylogenetically shared by all people and others are ontologically unique to an individual.

Invisible Families John Wiley & Sons

This current and comprehensive handbook will guide educators, students, and clinicians in developing the awareness, knowledge, and skills necessary to work effectively with LGBTQI+ populations. Twenty-five chapters written by experts in

the field provide direction for working with clients in an authentic, ethical, and affirmative manner that is tailored to their individual strengths, needs, and identity. The book is divided into four sections, which explore the science behind gender and affectional orientation; developmental issues across the life span and treatment issues; the specialized needs of nine distinct populations; and the intersectionality of ethnicity and overlapping identities, the role of religion, and counselor advocacy. To further a deeper understanding of the content,

each chapter contains an "Awareness of Attitudes and Beliefs Self-Check," a case narrative relating to the material covered, questions for discussion, and a list of online resources. The book concludes with an extensive glossary of terms, both preferred and problematic, which counselors working with these communities should understand and use appropriately.

[The Podcaster's Dilemma](#)
Macmillan

Fully revised and updated guide with frank, sensitive information for LGBTQ teens, their families, and their allies. LGBTQ is the indispensable resource for lesbian, gay, bisexual, transgender, queer, and questioning teens—and their allies. This fully revised and updated third edition includes current information on LGBTQ terminology, evolving understandings of gender

identity and sexual identity, LGBTQ rights, and much more. Other advice covers topics such as coming out, confronting prejudice, getting support, making healthy choices, and thriving in school and beyond. Resources point the way to books and websites with more information, and quotes from LGBTQ teens (and allies) share stories of personal experiences. Created with input from PFLAG, GLSEN, GLAAD, and others, this book is for young people who are beginning to question their sexual orientation or gender identity, those who are ready to

work for LGBTQ rights, and those who may need advice, guidance, or reassurance that they are not alone. 2018 Foreword INDIES Book of the Year Honorable Mention Transgender Men and the Remaking of Identity Routledge Common sense is the foundation of thinking and of human action. It is the indispensable basis for making our way in the world as individuals and in community with others, and the starting point for finding truth and building scientific knowledge. The philosophy of common-sense realism deeply informed the American Founders' vision for a self-governing people, in a society

where leaders and average citizens share essentially the same understanding of reality—of what simply makes sense. But today our confidence in the value and reliability of common sense has been badly shaken. Deep thinkers have rejected it. Elites have learned to disdain it. We're told that we have moved into a more sophisticated world, where common sense is passé and the very concept of truth is outmoded. Indeed, the Oxford Dictionaries selected "post-truth" as the Word of the Year for 2016. Do we actually live in a post-truth reality? Have we moved beyond common sense? Can we? In this book, Robert Curry exposes the absurdity of the attacks on

common sense, and demonstrates that we still live and move in the realm of common sense in our every waking moment. Drawing from philosophy and literature, science and psychiatry, *Reclaiming Common Sense* helps us regain our trust in the “superpower” we all have in common, while reminding us that we cannot get along without it. Hidden Agenda Vintage First published in 1998. Routledge is an imprint of Taylor & Francis, an informa company. LGBTQ John Wiley & Sons *Race, Ethnicity, and Consumption: A Sociological View* looks at the central concerns of consumer culture through the lens of race and

ethnicity. Each chapter illustrates the connections between race, ethnicity, and consumption by focusing on a specific theme: identity, crossing cultures, marketing and advertising, neighborhoods, discrimination, and social activism. By exploring issues such as multicultural marketing, cultural appropriation, consumer racial profiling, urban food deserts, and racialized political consumerism, students, scholars, and other curious readers will gain insight on the ways that racial and ethnic boundaries shape, and are shaped by, consumption. This book goes beyond the typical treatments of race and ethnicity in introductory texts on consumption by not only

providing a comprehensive overview of the major theories and concepts that sociologists use to make sense of consumption, race, and ethnicity, but also by examining these themes within distinctly contemporary contexts such as digital platforms and activism. Documenting the complexities and contradictions within consumer culture, *Race, Ethnicity, and Consumption* is an excellent text for sociology courses on consumers and consumption, race and ethnicity, the economy, and inequality. It will also be an informative resource for courses on consumer culture in the broader social sciences, marketing, and the humanities. Midlife and Older LGBT Adults

Univ of California Press

"Today 's Democrats are pushing policies that are simply insane, and David Limbaugh proves it in his terrific, and tremendously important, new book, Guilty by Reason of Insanity." — MARK LEVIN

"Few pundits can match David Limbaugh for research, depth of knowledge, and political insight, and in this book, perhaps his best political book, he shows how the Democrat Party has completely lost its mind." — SEAN HANNITY

The left has truly lost its mind. The party out of power used to be " the loyal opposition. " No longer. Now it ' s " the Resistance. " The left, abandoning any pretense of

fairness and decency, has declared political war on President Trump. Waged by a stunningly broad array of militants—the Democratic Party, countless left-wing interest groups, radical academics, the liberal mainstream media, Antifa shock troops, Hollywood, and the tech oligarchs—this political war is aimed not only at conservative ideas but also at Trump supporters, even teenagers wearing MAGA hats. In his shocking new book, Guilty by Reason of Insanity, national #1 bestselling author David Limbaugh explains how the left lost its mind—and the threat it now poses to us all. No book you read this year could be more

important.

**Affirmative Counseling with
LGBTQI+ People**
Routledge

This collection of life stories offers compelling narratives by individuals from different races, ethnic groups, religions, sexual orientations, and social classes. By weaving these engaging stories with relevant theoretical topics, this unique textbook provides deeper levels of understanding on how cultural factors influence identity, personality,

worldview, and mental health. An Instructor's Resource CD with supplemental materials for each chapter and a helpful internet study site at <http://www.sagepub.com/dimensionsofmulticulturalcounselingstudy/> including podcasts and videos offer further opportunities that examine and apply this mosaic of rich subject matter.

InterSEXions of the Others
Routledge

Max is the consummate high school overachiever. Straight-A student, debate team

captain, future editor of the school paper, dutiful Max does what's expected, until the day he inexplicably breaks up with Cindy, his perfect girlfriend. Is their relationship too much to handle on top of everything else? Or is Max just tired of doing everything he's supposed to? As Max begins to question his life, all of the old rules dissolve—and he searches in some very unlikely places for new ones. "Nelson, it seems, possesses that peculiar and particular ability, granted to only a

few—the Judy Blumes and J. D. Salingers of this world—to accurately portray the mysterious inner life of the American teenager." —Time Out New York "Fiercely real and really fierce." —Daniel Handler (aka "Lemony Snicket")

The Survival Guide for Lesbian, Gay, Bisexual, Transgender, and Questioning Teens Routledge
Most therapy is set up in a heterosexist context. Explore the issues facing your gay, lesbian, and bisexual clients--and how to deal with them! The Therapist's Notebook for Lesbian, Gay, and Bisexual Clients offers therapists

treating lesbian, gay, and bisexual clients innovative, practical interventions plus homework and hands-on activities tailored to these populations. Use the notebook to explore the issues surrounding coming out, homophobia in the workplace, spirituality, identity formation, and issues that require a non-heterosexist approach, such as domestic violence and relationship concerns. Grounded in current theory, each chapter explains the rationale for the activity it proposes, includes contraindications, and provides a list of helpful resources for therapists and clients. Here are just a few of the issues this extraordinary book explores in its

four thoughtfully planned sections: Section I: Homework, Handouts, and Activities for Coming Out and Managing Homophobia and Heterosexism addresses: conflicts in self-perceptions obstacles to the growth of a healthy GLB identity dealing with the trauma and anxiety that result from discrimination using semi-hypnotic visualization to treat internalized homophobia helping bisexuals decide whether to come out or to “ pass ” coping with internalized homophobic messages dealing with heterosexism in the workplace or at school Section II: Homework, Handouts, and Activities for Relationship Issues will help you and your clients understand and

work on issues involving: choosing the right partner intimacy and gender roles financial stability assimilation, queer pride, and everything in between how ethnicity and coupling impact sexual identity negotiating a healthy open relationship sexual concerns, sexual dysfunction, and pleasuring sexual role values for bisexual and lesbian women Section III: Homework, Handouts, and Activities for Gender, Ethnic, and Sexual Identity Issues addresses “ who am I ” issues: sexual orientation and gender identity the intersection of sexual and ethnic identity oppression on multiple fronts gender exploration for lesbians Section IV: Homework,

Handouts, and Activities for Specific Issues tackles concepts including: enhancing resilience through spirituality reconciling with religion spiritual wellness and the spiritual autobiography body image disturbances unwanted sexual behavior creating a safety plan in case of same-sex domestic violence alienation and finding a caring community medication adherence for HIV+ clients the difficulties faced by coupled lesbians with children family care planning addiction and recovery healing from the wounds of homophobia relationships with ex-partners managing workplace stress If you're new to treating lesbian, gay, and bisexual clients you 'll find rich material, based

in current literature, to guide your work. If you've already worked extensively with LGBT clients, the activities and fresh, innovative strategies in The Therapist's Notebook for Lesbian, Gay, and Bisexual Clients will expand and invigorate your skills.

Counseling Lesbian, Gay, Bisexual, and Transgender Substance Abusers Routledge Reviews the motion picture Orlando, directed by Sally Potter.

Decolonizing Podcasters in the Era of Surveillance Capitalism Gender Blender This book uses an ethnographic, cross-cultural

approach to study everyday life in secondary schools in London and Helsinki. Employing a metaphor of dance, it explores the relationship between the official school (correct steps), the informal school (improvised steps) and the physical school (the ballroom). Practices and processes of differentiation, marginalisation and of co-operation are explored in relation to gender and its intersections with social class and ethnicity. The concluding question 'who are

the wallflowers?' is addressed through a critique of New Right politics and policies in education.

Finding Truth in a Post-Truth
World Charisma Media

The last twenty years have seen a growth in multi-disciplinary work in the area of sexuality, culture and health. What was once a set of specialist concerns has been steadily mainstreamed. Alongside this, a broader interest has

developed in 'social' and 'cultural' factors relating to sexuality and sexual health, from family planning and STI management to gender and intimate partner violence and the technologisation of sex. This book offers a research-based overview of key topics relevant to social and cultural perspectives on sexuality and sexual health. Beginning with an extended introduction and divided into six sections, it looks at culture, sex and gender, sexual diversity, sex work, migration and sexual violence. Each section opens with an editorial discussion which places the theme, and the chapters that follow, in a contemporary context. Six additional substantive chapters

can be accessed online at www.routledge.com/cw/aggleton. Including cutting-edge conceptual and empirical material from around the world, this is a key resource for students in, and across, a variety of academic disciplines in the social and health sciences. It is especially suitable for readers from sexuality studies, gender studies, development studies, anthropology and sociology as well as those with public health and social work backgrounds.
