A compelling collection of the many voices and experiences of trans, genderqueer, and nonbinary Buddhists Transcending brings together more than thirty contributors from both the Mahayana and Theravada traditions to present a vision for a truly inclusive trans Buddhist sangha in the twenty-first century. Shining a light on a new generation of Buddhist role models, this book gives voice to those who have long been marginalized within the Buddhist world and society at large. While trans, genderqueer, and nonbinary practitioners have experienced empowerment and healing through their commitment to the Buddha, dharma, and sangha, they also share their experiences of isolation, transphobia, and aggression. In this diverse collection we hear the firsthand accounts, thoughts, and reflections of trans Buddhists from a variety of different lineages in an open invitation for all Buddhists to bring the issue of gender identity into the sangha, into the discourse, and onto the cushion. Only by doing so can we develop insight into our circumstances and grasp our true, essential nature.

Although transgender people are increasingly represented in academic studies and popular culture, they rarely have the opportunity to add their own voices to the conversation. In this remarkable book, Jackson Shultz records the stories of more than thirty Americans who identify as transgender. They range in age from fifteen to seventy-two; come from twenty-five different states and a wide array of racial, religious, and socioeconomic backgrounds; and identify across a vast spectrum of genders and sexualities. Giving voice to a diverse group of individuals, the book raises questions about gender, acceptance, and unconditional love. From historical descriptions of activism to personal stories of discrimination, love, and community, these touching accounts of gender transition shed light on the uncharted territories that lie beyond the gender binary. Despite encounters with familial rejection, drug addiction, and medical malpractice, each account is imbued with optimism and humor, providing a thoughtful look at the daily joys and struggles of transgender life. With an introduction and explanations from the author, this work will appeal to transgender individuals, their significant others, friends, family, and allies; health-care providers, educators, and legal professionals; and anyone questioning their own gender, considering transition, or setting out on their own transition journey.

'All those layers of expectation that are thrust upon us; boy, masculine, femme, transgender, sexual, woman, real, are such a weight to carry round. I feel transgressive. I feel hybrid. I feel trans.' In this radical and emotionally raw book, Juno Roche pushes the boundaries of trans representation by redefining 'trans' as an identity with its own power and strength, that goes beyond the gender binary. Through intimate conversations with leading and influential figures in the trans community, such as Kate Bornstein, Travis Alabanza, Josephine Jones, Glamrou and E-J Scott, this book highlights the diversity of trans identities and experiences with regard to love, bodies, sex, race and class, and urges trans people - and the world at large - to embrace a 'trans' identity as something that offers empowerment and autonomy. Powerfully written, and with humour and advice throughout, this book is essential reading for anyone interested in the future of gender and how we identify ourselves.
