This book engages with critical issues which create a proper understanding of how identities and belonging are imagined and constructed in postcolonial India. The contributors have examined various texts and movies to discuss the implicit communal nature of postcolonial India. The book attempts to discuss the different ways in which India is badly plagued by communal politics and terrorism, and to offer a cogent alternative for creating a strong solidarity among different communities in India.

Trust NFPA 30's protocols to minimize the hazards of flammable and combustible liquids. Adopted by most states and enforceable under OSHA, NFPA 30: Flammable and Combustible Liquids Code presents the best guidance on the safe storage, handling, and use of dangerous liquids. It provides the criteria you need to design facilities for better protection, comply with sprinkler rules, and use safe operating practices. Changes and additions in the 2003 edition affect: \* Siting of storage tanks \* Spill control, normal breather vents, and emergency relief vents for storage tanks \* Design of liquids storage cabinets, inside storage areas, and liquid warehouses \* Sprinkler design rules for storage of all types of liquids \* And more When you work with flammable and combustible liquids, even a seemingly minor oversight or mistake can have major repercussions. Don't compromise safety--insist on NFPA 30! Nucla-Telluride Transmission Line Project, Montrose and San Miguel Counties

A translation of A Chave do Tamanho. Though ostensibly a children's book, it stands on serious socio-political undertones. The story involves a rag doll who sets off to end war. Unintentionally, she causes every human to shrink to a height of half an inch. The repercussions are intriguing.
