A generic physical form is the most general or commonly formatted physical form. So what is a physical form? A physical form is a type of form used to examine the physical state of a person so as to determine their physical limitations and what types of task they are allowed to participate in. For example, a physical form from DOT (Department of Transportation) is used to ensure that drivers of public vehicles are capable of performing their task so as to avoid an accident, or in the worse ...

Steps in Performing a Physical Exam. 1. Make sure your hands are properly clean and sanitized. 2. Take the patient's blood pressure. 3. Take the radial pulse by placing your index and middle fingers on the inside of your wrist, below your thumb. Use a watch with a second hand and count your pulse for 60 seconds.
