New Grade 9-1 GCSE Geography OCR B: Geography for Enquiring Minds - Exam Practice Workbook Teacher Created Materials
Supplement your social studies curriculum with 180 days of daily geography practice! This essential classroom resource provides teachers with weekly geography units that build students' geography knowledge, and are easy to incorporate into the classroom. In a world that is becoming more connected and globalized, 21st century students must have the skills necessary to understand their world and how geography affects them and others. Students will develop their map and spatial skills, learn how to answer text- and photo-dependent questions, and study the 5 themes of geography. Each week covers a particular topic and introduces students to a new place or type of map. The first two weeks consist of a mini-unit that focuses entirely on map skills. For additional units, students will study various places, and how culture and geography are related. With a focus on North American regions, students will explore various types of maps including physical maps, political maps, topographic maps, thematic maps, climate maps, and various topics including scale, legends, cardinal directions, latitude and longitude, and more. Aligned to state standards and National Geography Standards, this resource includes digital materials.

The Complete Book of Maps & Geography, Grades 3 - 6 Teacher Created Materials
Put progression at the heart of your curriculum with this hugely popular KS3 course from David Gardner, a leading authority in the Geography community. Fully reviewed and updated - with three new units - this forward-thinking course will fascinate young geographers, incorporating many diverse voices and exploring 'big ideas' such as place, the Earth's systems, the impact of colonialism and the complexities of development. br ” bChoose the most cost-effective course/b. With 180 ready-made lessons in a single book, Progress in Geography provides a full three-year KS3. The free accompanying Progression Framework maps progress from Year 7 to Year 9, across the National Curriculum and towards the GCSE Assessment Objectives.brbr ” bEnsure progress in geographical skills, knowledge and understanding/b. Every lesson and every unit builds upon prior learning and links to future learning, fully embedding geographical enquiry. Each double-page spread represents one lesson, with rich geographical resources, up-to-date data and case studies for pupils to interpret, analyse and evaluate.brbr ” bAlign with Ofsted's expectations.. Ideal for formative assessment, lesson activities create a stepped approach to enquiry learning, guiding pupils through the geographical data as they answer each lesson's enquiry question. End-of-unit review lessons create a reflection point, facilitating medium-term summative assessment and giving a broader view of progress. br ” bLay firm foundations for GCSE/b. Key vocabulary, command words and concepts are introduced gradually, preparing pupils for the content and question types they will encounter at GCSE, with a particular focus on analysis and evaluation, plus newly added decision-making activities.
