Gilbert F. White is  
the preeminent  
geographer of  
natural resources,  
hazards, and the  
human environment.  
During fifty years

---

of professional work as a civil servant, scientist, and educator, he authored numerous books and papers. This volume is the first collection of White's work, spanning his interests and career from 1934 to 1984. Individual introductions by the editors place each selection in historical perspective and significance. With the companion volume, *Theme from the Work of Gilbert F. White*, White's writings, and the work that he inspired, are now readily accessible to all who share his concern for the stewardship of the earth.
