"As a young man, my fondest dream was to become a geographer. However, while working at the customs office, I thought deeply about the matter and concluded it was far too difficult a subject. I then turned to Physics as a substitute." Albert Einstein, great scientist is reported to have said in despair about Geography. The present series aptly titled "Geography Made Simple" is our humble attempt at removing fear of Geography subject from minds of students by presenting books that are written in lucid, simple and easy-to-understand language. The colourful e-book caters to needs of students of as diverse a field as Economic Geography, International Trade, Management, Economics, Political Economy, Political Geography, Agricultural Geography, Love and Relationship Geography, Financial Geography, Statistical Geography, Physical Geography, etc. The book introduces new interesting concepts, theories, and models in the field of Geography such as Cyclonic and Anticyclonic types of political boundaries, formula of sustainable economic development, laws of Love-Geography, nature and scope of organizational behaviour, law of financial Geography, theory of Barchan formation. This evergreen book has stood the test of time since its first edition in year 2010. This eBook is useful for undergrads, postgraduate students, and research scholars.
