There are a lot of gratitude books out there, but none quite like this, which comes with actual gifts: a sign, a totem, an answer, and a present from the natural world! Most of us believe we can think our way out of problems. We believe that if we just exert enough mental effort, we will pull up a solution to whatever ails us. And that has gotten us nowhere. So in this book, we're going to forget thinking . . . and start

thanking. This playful but easy practice has the power to reconnect us with our true nature. When we observe the world from a place of gratitude, when we use our attention to spot beauty and gaze at wonder, we tune in to a frequency of magic. This joy channel is the most powerful on the planet and has the capability to radically change our lives. Brazen gratitude provides a portal—an entry point—straight into the heart of the field of infinite possibilities described in Pam Grout's bestseller *E-Squared*. This book also offers a different perspective on abundance, which is not just financial capital. It shows readers how to grow and expand creative capital, social capital, rip-roaring good times capital, and much, much more!

Having a good relationship with money is tough—whether you have millions in the bank or just a few bucks to your name. Why? Because

just like any other relationship, your life with money has its ups and downs, its twists and turns, its breakups and makeups. And just like other relationships, living happily with money really comes down to love—which is why love is the basis of money maven Kate Northrup's book. After taking the Money Love Quiz to see where on the spectrum your relationship with money stands—somewhere between "on the outs" and "it's true love!"—Northrup takes you on a rollicking ride to a better understanding of yourself and your money. Step-by-step exercises that address both the emotional and practical aspects of your financial life help you figure out your personal perceptions of money and wealth and how to change them for the better. You'll learn about thought patterns that may be holding you back from earning what you're worth or saving what you can. You'll learn how to chart your current financial life and create a plan to get you to where you want to be—whether that's earning enough to live in a penthouse in Manhattan or a cabin in the Rockies. Using client stories and her own saga of moving from \$20,000 of debt to complete financial freedom by the age of 28, Northrup acts as a guide in your quest for personal financial freedom. She'll teach you how to shift your beliefs about money, create a budget, spend in line with your values, get out of debt, and so much more. In short, she'll teach you to love your money, so you can love your life.

Girl Code with a resounding YES. Companies like Kate Spade and Macy's have brought her in to teach "the Code." Inc. magazine named Girl Code one of the "Top 9 Inspiring Books Every Female Entrepreneur Should Read" alongside Lean In, #Girlboss, and Thrive. A few years ago, I made a crazy claim in the first edition of Girl Code: that in today's competitive marketplace, the fiercest thing a female entrepreneur can do is to support other women. Something dynamic happens when women genuinely show up for each other. When we lose the facades, cut the bullsh\*t, and truly have each other's backs. When we stop pretending everything is perfect, and show the messy, beautiful parts of ourselves and our work—which all look awfully similar. When we talk about our fears, our missteps, and our breakdowns. And most importantly, when we share our celebrations, our breakthroughs, and our solutions. I'm convinced that there's no reason to hoard information, connections, or insight. Wisdom is meant to be shared, so let's start sharing what we've learned to make each other better. Let's start building each other up. Let's live up to our potential and start ruling the world. Girl Code is a roadmap for female entrepreneurs, professional women, "side hustlers" (those with a day job plus a part-time small business), and anyone in between. This book won't teach you how to build a multimillion-dollar company. It won't teach you about systems or finance. But it will teach you how to build confidence in yourself, reconnect with your "why," eradicate jealousy, and ultimately learn the power of connection. Because at the end of the day, that's what life and business are all about.
