Expertly designed, the Structured Clinical Interview for the DSM-5 Alternative Model for Personality Disorders (SCID-5-AMPD) is a semistructured diagnostic interview that guides clear assessment of the defining components of personality pathology as presented in the DSM-5 Alternative Model. The paramount tool for the use of SCID-5-AMPD, the User's Guide for the SCID-5-AMPD provides readers with an essential manual to effectively understand and use any SCID-5-AMPD module. Integrating an overview of the DSM-5 Alternative Model, this companion guide provides instructions for every SCID-5-AMPD module and features completed samples of all modules in full, with corresponding sample patient cases and commentary. The modular format of the SCID-5-AMPD allows the researcher or clinician to focus on those aspects of the Alternative Model of most interest. The User's Guide for the SCID-5-AMPD fully explicates each module -- available individually or in customized sets: * Module I is devoted to the dimensional assessment of self and interpersonal functioning using the Level of Personality Functioning Scale.* Module II focuses on the dimensional assessment of the five pathological personality trait domains and corresponding 25 trait facets. * Module III is a comprehensive assessment of each of the six specific personality disorders of the DSM-5 Alternative Model, as well as Personality Disorder--Trait-Specified, and includes a global assessment of the level of personality functioning. Trained clinicians with a basic knowledge of the concepts of personality and personality psychopathology will find the SCID-5-AMPD a valuable tool in the assessment and study of personality disorders.

Living a better-feeling life really comes down to one thing only: coming into alignment with the Energy of our Source. Abraham reminds us that we are truly Source Energy focused into our physical bodies, and that a conscious Connection to that Broader Non-Physical part of us is necessary if we are to be the joyful Beings that we were born to be. Abraham calls that wonderful alignment Getting into the Vortex. Through a series of Leading Edge books (New York Times bestsellers), Abraham has emphasized the importance of our conscious alignment with the Source within us. They have let us know that our natural state of Being is inside our Vortex of Creation in complete alignment with Source Energy—and that every aspect of our physical experience reflects our alignment with, or resistance to, that Connection. Everything—from the physical well-being of our bodies, the clarity of our minds, and the abundance we allow to flow, to the satisfaction in every relationship we experience—is impacted by our all-important relationship with our Vortex. Abraham has helped us to understand that our dominant intent in every day is to get into the Vortex! And now, they have lovingly and specifically guided Jerry and Esther Hicks in the creation of an innovative and valuable tool that promises to get us into the Vortex right now . . . and that tool is enclosed in the Getting into the Vortex User Guide in the form of a 70-minute audio download. This unique recording contains four powerfully guided daily meditations that have been designed to get you into the Vortex of Creation in four basic areas of your life: • General Well-Being • Financial Well-Being • Physical Well-Being • Relationships. Jerry and Esther are thrilled to offer this powerful, first-of-its kind, musically scored, breath-enhancing, user-friendly tool from Abraham that will get you into the Vortex.

Thoughts are very real things. They can be compared to the elements that create the weather we experience. From clear and sunny to overcast and dreary, your thought-machine mind creates your reality. Whether or not you are consciously aware of it, you alone control the angles and rotations of the kaleidoscopic mirrors within the workings of your mind. If you dont like your reality, you can always adjust your outlook simply by adjusting your way of thinking. One of lifes mercies is that we can retrain our mind. This guide is an appeal for rational thinking. When all is said and done, there are only three fundamental areas over which you have any real control in your life: how you think/feel (as in two sides of the same coin), how you act, and how you react. When you are unhappy in life or love, the best place to start looking for both the cause and the cure is within the inner narrative of your thoughts. It is here you will find the fountainhead of resiliency from which your strength and well-being flow. Resiliency in people is not an accidental occurrence; rather, it is the cumulative effect of an individuals decision making. In a nutshell, humans need not always interpret things in the negative, instead, the choice to view things either as a positive or as a negative is entirely your own to make. The intelligent approach insists you strive to see both the positive and the negative in people, situations, and events. Doing so wont negate the negative, it simply helps to balance it. The knowledge contained in *A Users Guide to Your Mind* is threefold: how to live mindfully of your thoughts, how to exercise emotional intelligence in relationships, and how to exercise social intelligence in everyday life. Exercising social and emotional intelligence along with good old common sense is essential to soundly managing your thoughts, feelings, and behaviors. If you are tired of just talking about making changes and are now actually prepared to do something about it, the guidance within will provide detailed blueprints to get you started in redesigning your life and relationships. Best of all, you can implement what you learn as you see fit, according to your own goals, value system, and moral principles. This book shows you how.
