During pilot season, June Dietz's husband Mitch Gold becomes another man--a man who doesn't notice her delicious Farmers Market homemade dinners, who mumbles responses around the tooth-whitening trays in his mouth, who is consumed with envy for his fellow television actors, who pants for a return phone call from his agent. And who wants to be married to an abject, paranoid, oblivious mess? Possibly not June, whose job as a poetry professor at UCLA makes her in but not of Los Angeles, with its illogical pecking order and relentless tribal customs. Even their daughter Nora's allegedly innocent world isn't immune from one upmanship: while Mitch is bested for acting jobs by the casually confident (and so very L.A.) Willie Dermot, June is tormented by Willie's insufferably uptight wife Larissa and the other stay-at-home exercisers in the preschool. Could Rich Friend be the answer? Smart, age-appropriate, bookish--and a wildly successful television producer--Rich focuses on June the way nobody has since she moved to Los Angeles, and there's nothing for June to do but wallow in what she's been missing. But what's the next step? How does a regular person decide between husband and lover, family and fantasy? Set in a Los Angeles you haven't read about before, Beverly Hills Adjacent is that rare thing: a laugh-out-loud novel with heart.

But when Andie tries to gain closure with him, he asks one final favor of her before they go their separate ways forever. The place is a mess, the children, Carter and Alice, aren't your average delinquents, and the creepy old house where they live is being run by the worst housekeeper since Mrs. Danvers. What's worse, Andie's fiancé thinks this is all a plan by North to get Andie back, and he may be right. Andie's dreams have been haunted by North since she arrived at the old house. And that's not the only haunting. What follows is a hilarious adventure in exorcism, including a self-doubting parapsychologist, an annoyed medium, her Tarot-card reading mother, an avenging ex-mother-in-law, and, of course, her jealous fiancé. And just when she thinks things couldn't get more complicated, North shows up on the doorstep making her wonder if maybe this time things could be different between them. If Andie can just get rid of all the guests and ghosts, she's pretty sure she can save the kids, and herself, from the past. But fate might just have another thing in mind...

What better Christmas surprise for detective-in-training Flavia de Luce than a dreadful murder under Buckshaw's roof - and a snowbound house full of suspects! It's Christmas time, and our beloved Flavia is tucked away in her laboratory whipping up a sticky concoction to trap that infamous sneak, Saint Nick, and thereby prove once and for all - despite the claims of her evil sisters - that he does exist. But she is soon distracted from her task: Colonel de Luce, in desperate need of funds, has rented the family's crumbling manor house to a film company for the holidays. When its crew arrives from London to shoot a movie starring the reclusive and renowned actress, Phyllis Wyvern, there's no end to the disruptions - and dramas - demanding Flavia's attention. When Wyvern is convinced to perform a famous scene to help

raise funds for the local church, it is decided that Buckshaw Manor is the only suitable location. Its foyer alone is bigger than the parish hall, and could fit every man, woman, and child in Bishop's Lacey, to a soul. It's almost Christmas Eve, but - to no one's surprise - all of the village inhabitants fight their way through a raging snowstorm to be in the audience that magical night. As the actors take to the stage, however, the blizzard sets in, and it becomes clear that the villagers will have to hunker down at Buckshaw for the night. Sleeping head to toe in the de Luces' foyer seems amenable to most, until word spreads of the evening's shocking conclusion - Phyllis Wyvern is found strangled to death in the Blue Bedroom, with a length of film from one of her movies tied in an elaborate bow around her neck. But who among the assembled guests would stage such a chilling scene? As the storm worsens and the list of suspects grows, Flavia must use every ounce of her chemical cleverness and crime-solving prowess to ferret out a killer hidden in plain sight. But when she does piece the puzzle together and deduce who has committed this twisted crime, will Flavia be able to escape in one piece?
